1.03 CITY POWERS. The City may, except as expressly limited by the Iowa Constitution, and if not inconsistent with the laws of the Iowa General Assembly, exercise any power and perform any function it deems appropriate to protect and preserve the rights, privileges, and property of the City and of its residents, and to preserve and improve the peace, safety, health, welfare, comfort, and convenience of its residents, and each and every provision of this Code of Ordinances shall be deemed to be in the exercise of the foregoing powers and the performance of the foregoing functions.

(Code of Iowa, Sec. 364.1)

1.04 INDEMNITY. The applicant for any permit or license under this Code of Ordinances, by making such application, assumes and agrees to pay for any injury to or death of any person or persons whomsoever, and any loss of or damage to property whatsoever, including all costs and expenses incident thereto, however arising from or related to, directly, indirectly, or remotely, the issuance of the permit or license, or the doing of anything thereunder, or the failure of such applicant, or the agents, employees, or servants of such applicant, to abide by or comply with any of the provisions of this Code of Ordinances or the terms and conditions of such permit or license, and such applicant, by making such application, forever agrees to indemnify the City and its officers, agents, and employees, and agrees to save them harmless from any and all claims, demands, lawsuits, or liability whatsoever for any loss, damage, injury, or death, including all costs and expenses incident thereto, by reason of the foregoing. When action is brought against the City for personal injuries alleged to have been caused by its negligence, the City may notify in writing any person by whose negligence it claims the injury was caused. The notice shall state the pendency of the action, the name of the plaintiff, the name and location of the court where the action is pending, a brief statement of the alleged facts from which the cause arose, that the City believes that the person notified is liable to it for any judgment rendered against the City, and asking the person to appear and defend. A judgment obtained in the suit is conclusive in

any action by the City against any person so notified, as to the existence of the defect or other cause of the injury or damage, as to the liability of the City to the plaintiff in the first named action, and as to the amount of the damage or injury. The City may maintain an action against the person notified to recover the amount of the judgment together with all the expenses incurred by the City in the suit.

(Code of Iowa, Sec. 364.14)

1.06 RULES OF CONSTRUCTION. In the construction of this Code of Ordinances, the rules of statutory construction as set forth in Chapter 4 of the *Code of Iowa* shall be utilized to ascertain the intent of the Council, with the understanding that the term “statute” as used therein will be deemed to be synonymous with the term “ordinance” when applied to this Code of Ordinances.

1.07 EXTENSION OF AUTHORITY. Whenever an officer or employee is required or authorized to do an act by a provision of this Code of Ordinances, the provision shall be construed as authorizing performance by a regular assistant, subordinate, or a duly authorized designee of said officer or employee.

1.08 AMENDMENTS. All ordinances that amend, repeal, or in any manner affect this Code of Ordinances shall include proper reference to chapter, section, subsection, or paragraph to maintain an orderly codification of ordinances of the City.

1.10 ALTERING CODE. It is unlawful for any unauthorized person to change or amend, by additions or deletions, any part or portion of this Code of Ordinances, or to insert or delete pages, or portions thereof, or to alter or tamper with this Code of Ordinances in any manner that will cause the law of the City to be misrepresented.

1.11 SEVERABILITY. If any section, provision, or part of this Code of Ordinances is adjudged invalid or unconstitutional, such adjudication will not affect the validity of this Code of Ordinances as a whole or any section, provision, or part thereof not adjudged invalid or unconstitutional.

1.12 WARRANTS. If consent to enter upon or inspect any building, structure, or property pursuant to a municipal ordinance is withheld by any person having the lawful right to exclude, the City officer or employee having the duty to enter upon or conduct the inspection may apply to the Iowa District Court in and for the County, pursuant to Section 808.14 of the *Code of Iowa*, for an administrative search warrant. No owner, operator or occupant, or any other person having charge, care, or control of any dwelling unit, rooming unit, structure, building, or premises shall fail or neglect, after presentation of a search warrant, to permit entry therein by the municipal officer or employee.

power shall be exercised in light of the following standard: The discretionary power to grant, deny, or revoke any matter shall be considered in light of the facts and circumstances then existing and as may be reasonably foreseeable, and due consideration shall be given to the impact upon the public health, safety and welfare, and the decision shall be that of a reasonably prudent person under similar circumstances in the exercise of the police power.

1.14 STANDARD PENALTY. Unless another penalty is expressly provided by this Code of Ordinances for violation of any particular provision, section, or chapter, any person failing to perform a duty required by this Code of Ordinances or otherwise violating any provision of this Code of Ordinances or any rule or regulation adopted herein by reference shall, upon conviction, be subject to a fine of at least \$105.00 but not to exceed \$855.00. (Code of Iowa, Sec. 364.22[3])

4.02 ENVIRONMENTAL VIOLATION. A municipal infraction that is a violation of Chapter 455B of the *Code of Iowa* or of a standard established by the City in consultation with the Department of Natural Resources, or both, may be classified as an environmental violation. However, the provisions of this section shall not be applicable until the City has offered to participate in informal negotiations regarding the violation or to the following specific violations:

(Code of Iowa, Sec. 364.22[1])

1. A violation arising from noncompliance with a pretreatment standard or requirement referred to in 40 C.F.R. §403.8.
2. The discharge of airborne residue from grain, created by the handling, drying, or storing of grain, by a person not engaged in the industrial production or manufacturing of grain products.
3. The discharge of airborne residue from grain, created by the handling, drying, or storing of grain, by a person engaged in such industrial production or manufacturing if such discharge occurs from September 15 to January 15.

4.03 PENALTIES. A municipal infraction is punishable by the following civil penalties:

(Code of Iowa, Sec. 364.22[1])

1. Standard Civil Penalties.
 - A. First offense – not to exceed \$750.00
 - B. Each repeat offense – not to exceed \$1,000.00

Each day that a violation occurs or is permitted to exist constitutes a repeat offense.

2. Special Civil Penalties.
 - A. A municipal infraction arising from noncompliance with a pretreatment standard or requirement, referred to in 40 C.F.R. §403.8, by an industrial user is punishable by a penalty of not more than \$1,000.00 for each day a violation exists or continues.

[†] **EDITOR'S NOTE:** For criminal penalty for violations of this Code of Ordinances, see Section 1.14.

B. A municipal infraction classified as an environmental violation is punishable by a penalty of not more than \$1,000.00 for each occurrence. However, an environmental violation is not subject to such penalty if all of the following conditions are satisfied:

- (1) The violation results solely from conducting an initial startup, cleaning, repairing, performing scheduled maintenance, testing, or conducting a shutdown of either equipment causing the violation or the equipment designed to reduce or eliminate the violation.
- (2) The City is notified of the violation within 24 hours from the time that the violation begins.
- (3) The violation does not continue in existence for more than eight hours.

4.04 CIVIL CITATIONS. Any officer authorized by the City to enforce this Code of Ordinances may issue a civil citation to a person who commits a municipal infraction. A copy of the citation may be served by personal service as provided in Rule of Civil Procedure 1.305, by certified mail addressed to the defendant at defendant's last known mailing address, return receipt requested, or by publication in the manner as provided in Rule of Civil Procedure 1.310 and subject to the conditions of Rule of Civil Procedure 1.311. A copy of the citation shall be retained by the issuing officer, and the original citation shall be sent to the Clerk of the District Court. If the citation affects real property and charges a violation relating to the condition of the property, including a building code violation, a local housing regulation violation, a housing code violation, or a public health or safety violation, after filing the citation with the Clerk of the District Court, the City shall also file the citation in the office of the County Treasurer.

4.05 ALTERNATIVE RELIEF. Seeking a civil penalty as authorized in this chapter does not preclude the City from seeking alternative relief from the court in the same action. Such alternative relief may include, but is not limited to, an order for abatement or injunctive relief.

(Code of Iowa, Sec. 364.22[9])

4.06 ALTERNATIVE PENALTIES. This chapter does not preclude a peace officer from issuing a criminal citation for a violation of this Code of Ordinances or regulation if criminal penalties are also provided for the violation. Nor does it preclude or limit the authority of the City to enforce the provisions of this Code of Ordinances by criminal sanctions or other lawful means.

CHAPTER 36

HAZARDOUS SUBSTANCE SPILLS

36.01 Purpose
36.02 Definitions
36.03 Cleanup Required
36.04 Liability for Cleanup Costs

36.05 Notifications
36.06 Police Authority
36.07 Liability

36.01 PURPOSE. In order to reduce the danger to the public health, safety, and welfare from the leaks and spills of hazardous substances, these regulations are promulgated to establish responsibility for the treatment, removal, and cleanup of hazardous substance spills within the City limits.

36.02 DEFINITIONS. For purposes of this chapter the following terms are defined:

1. “Cleanup” means actions necessary to contain, collect, control, identify, analyze, clean up, treat, disperse, remove, or dispose of a hazardous substance.

(Code of Iowa, Sec. 455B.381[1])

2. “Hazardous condition” means any situation involving the actual, imminent, or probable spillage, leakage, or release of a hazardous substance onto the land, into a water of the State, or into the atmosphere which creates an immediate or potential danger to the public health or safety or to the environment.

(Code of Iowa, Sec. 455B.381[4])

3. “Hazardous substance” means any substance or mixture of substances that presents a danger to the public health or safety and includes, but is not limited to, a substance that is toxic, corrosive, or flammable, or that is an irritant or that generates pressure through decomposition, heat, or other means. “Hazardous substance” may include any hazardous waste identified or listed by the administrator of the United States Environmental Protection Agency under the Solid Waste Disposal Act as amended by the Resource Conservation and Recovery Act of 1976, or any toxic pollutant listed under Section 307 of the Federal Water Pollution Control Act as amended to January 1, 1977, or any hazardous substance designated under Section 311 of the Federal Water Pollution Control Act as amended to January 1, 1977, or any hazardous material designated by the Secretary of Transportation under the Hazardous Materials Transportation Act.

(Code of Iowa, Sec. 455B.381[5])

4. “Responsible person” means a person who at any time produces, handles, stores, uses, transports, refines, or disposes of a hazardous substance, the release of which creates a hazardous condition, including bailees, carriers, and any other person in control of a hazardous substance when a hazardous condition occurs, whether the person owns the hazardous substance or is operating under a lease, contract, or other agreement with the legal owner of the hazardous substance.

(Code of Iowa, Sec. 455B.381[7])

36.03 CLEANUP REQUIRED. Whenever a hazardous condition is created by the deposit, injection, dumping, spilling, leaking, or placing of a hazardous substance, so that the hazardous substance or a constituent of the hazardous substance may enter the environment or

be emitted into the air or discharged into any waters, including ground waters, the responsible person shall cause the condition to be remedied by a cleanup, as defined in the preceding section, as rapidly as feasible to an acceptable, safe condition. The costs of cleanup shall be borne by the responsible person. If the responsible person does not cause the cleanup to begin in a reasonable time in relation to the hazard and circumstances of the incident, the City may, by an authorized officer, give reasonable notice, based on the character of the hazardous condition, said notice setting a deadline for accomplishing the cleanup and stating that the City will proceed to procure cleanup services and bill the responsible person for all costs associated with the cleanup if the cleanup is not accomplished within the deadline. In the event that it is determined that immediate cleanup is necessary as a result of the present danger to the public health, safety, and welfare, then no notice shall be required and the City may proceed to procure the cleanup and bill the responsible person for all costs associated with the cleanup. If the bill for those services is not paid within 30 days, the City Attorney shall proceed to obtain payment by all legal means. If the cost of the cleanup is beyond the capacity of the City to finance it, the authorized officer shall report to the Council and immediately seek any State or federal funds available for said cleanup.

36.04 LIABILITY FOR CLEANUP COSTS. The responsible person shall be strictly liable to the City for all of the following:

1. The reasonable cleanup costs incurred by the City or the agents of the City as a result of the failure of the responsible person to clean up a hazardous substance involved in a hazardous condition.
2. The reasonable costs incurred by the City or the agents of the City to evacuate people from the area threatened by a hazardous condition caused by the person.
3. The reasonable damages to the City for the injury to, destruction of, or loss of City property, including parks and roads, resulting from a hazardous condition caused by that person, including the costs of assessing the injury, destruction, or loss.
4. The excessive and extraordinary cost incurred by the City or the agents of the City in responding at and to the scene of a hazardous condition caused by that person.

36.05 NOTIFICATIONS.

1. A person manufacturing, storing, handling, transporting, or disposing of a hazardous substance shall notify the State Department of Natural Resources and the Police Chief of the occurrence of a hazardous condition as soon as possible but not later than six hours after the onset of the hazardous condition or discovery of the hazardous condition. The Police Chief shall immediately notify the Department of Natural Resources.
2. Any other person who discovers a hazardous condition shall notify the Police Chief, which shall then notify the Department of Natural Resources.

36.06 POLICE AUTHORITY. If the circumstances reasonably so require, the law enforcement officer or an authorized representative may:

1. Evacuate persons from their homes to areas away from the site of a hazardous condition, and
2. Establish perimeters or other boundaries at or near the site of a hazardous condition and limit access to cleanup personnel.

No person shall disobey an order of any law enforcement officer issued under this section.

36.07 LIABILITY. The City shall not be liable to any person for claims of damages, injuries, or losses resulting from any hazardous condition, unless the City is the responsible person as defined in Section 36.02(4).

CHAPTER 46

MINORS

46.01 Curfew

46.02 Cigarettes and Tobacco

46.03 Contributing to Delinquency

46.01 CURFEW. The Council has determined that a curfew for minors is necessary to promote the public health, safety, morals, and general welfare of the City and specifically to reinforce the primary authority and responsibility of adults responsible for minors; to protect the public from the illegal acts of minors committed after the curfew hour; and to protect minors from improper influences and criminal activity that prevail in public places after the curfew hour.

1. Definitions. For use in this section, the following terms are defined:
 - A. “Emergency errand” means, but is not limited to, an errand relating to a fire, a natural disaster, an automobile accident, or any other situation requiring immediate action to prevent serious illness, bodily injury, or loss of life.
 - B. “Knowingly” means knowledge which a responsible adult should reasonably be expected to have concerning the whereabouts of a minor in that responsible adult’s custody. It is intended to continue to hold the neglectful or careless adult responsible for a minor to a reasonable standard of adult responsibility through an objective test. It is therefore no defense that an adult responsible for a minor was completely indifferent to the activities or conduct or whereabouts of the minor.
 - C. “Minor” means any unemancipated person under the age of 18 years.
 - D. “Nonsecured custody” means custody in an unlocked multipurpose area, such as a lobby, office or interrogation room which is not designed, set aside or used as a secure detention area, and the person arrested is not physically secured during the period of custody in the area; the person is physically accompanied by a peace officer or a person employed by the facility where the person arrested is being held; and the use of the area is limited to providing nonsecured custody only while awaiting transfer to an appropriate juvenile facility or to court, for contacting of and release to the person’s parents or other responsible adult or for other administrative purposes; but not for longer than six hours without the oral or written order of a judge or magistrate authorizing the detention. A judge shall not extend the period of time in excess of six hours beyond the initial six-hour period.
 - E. “Public place” includes stores, parking lots, parks, playgrounds, streets, alleys, and sidewalks dedicated to public use; and also includes such parts of buildings and other premises whether publicly or privately owned which are used by the general public or to which the general public is invited commercially for a fee or otherwise; or in or on which the general public is permitted without specific invitation; or to which the general public has access. For purposes of this section, a vehicle or other conveyance is considered to be a public place when in the areas defined above.

- F. "Responsible adult" means a parent or legal guardian.
2. Time Limits. It is unlawful for any minor to be or remain upon any of the alleys, streets or public places or places of business and amusement in the City between the hours of 11:00 p.m. and 6:00 a.m. of the following day on days commencing on Sunday, Monday, Tuesday, Wednesday, and Thursday, and between the hours of midnight and 6:00 a.m. on Friday and Saturday.
3. Exceptions. The following are exceptions to the curfew:
- A. The minor is accompanied by a parent or legal guardian.
 - B. The minor is on the sidewalk or property where the minor resides or on either side of the place where the minor resides and the adult responsible for the minor has given permission for the minor to be there.
 - C. The minor is present at or is traveling between home and one of the following:
 - (1) Minor's place of employment in a business, trade or occupation in which the minor is permitted by law to be engaged or, if traveling, within one hour after the end or before the beginning of work;
 - (2) Minor's place of religious activity or, if traveling, within one hour after the end or before the beginning of the religious activity;
 - (3) Governmental or political activity or, if traveling, within one hour after the end or before the beginning of the activity;
 - (4) School activity or, if traveling, within one hour after the end or before the beginning of the activity;
 - (5) Assembly such as a march, protest, demonstration, sit-in, or meeting of an association for the advancement of economic, political, religious, or cultural matters, or for any other activity protected by the First Amendment of the U.S. Constitution guarantees of free exercise of religion, freedom of speech, freedom of assembly, or, if traveling, within one hour after the end or before the beginning of the activity.
 - D. The minor is on an emergency errand for a parent or legal guardian;
 - E. The minor is engaged in interstate travel through the City beginning, ending or passing through the City when such travel is by direct route.
4. Responsibility of Adults. It is unlawful for any responsible adult knowingly to permit or to allow a minor to be in any public place in the City within the time periods prohibited by this section unless the minor's presence falls within one of the above exceptions.
5. Enforcement Procedures.
- A. Determination of Age. In determining the age of the juvenile and in the absence of convincing evidence such as a birth certificate or driver's license, a law enforcement officer on the street shall, in the first instance, use his or her best judgment in determining age.
 - B. Grounds for Arrest; Conditions of Custody. Grounds for arrest are that the person refuses to sign the citation without qualification; persists in

violating the ordinance; refuses to provide proper identification or to identify himself or herself; or constitutes an immediate threat to the person's own safety or to the safety of the public. A law enforcement officer who arrests a minor for a curfew violation may keep the minor in custody either in a shelter care facility or in any non-secured setting. The law enforcement officer shall not place bodily restraints, such as handcuffs, on the minor unless the minor physically resists or threatens physical violence when being taken into custody. A minor shall not be placed in detention following a curfew violation.

C. Notification of Responsible Adult. After a minor is taken into custody, the law enforcement officer shall notify the adult responsible for the minor as soon as possible. The minor shall be released to the adult responsible for the minor upon the promise of such person to produce the child in court at such time as the court may direct.

D. Minor Without Adult Supervision. If a law enforcement officer determines that a minor does not have adult supervision because the law enforcement officer cannot locate the minor's parent, guardian or other person legally responsible for the care of the minor, within a reasonable time, the law enforcement officer shall attempt to place the minor with an adult relative of the minor, an adult person who cares for the child or another adult person who is known to the child.

6. Penalties.

A. Responsible Adult's First Violation. In the case of a first violation by a minor, the law enforcement officer shall, by mail, send to the adult responsible for the minor, written notice of the violation with a warning that any subsequent violation will result in full enforcement of the curfew ordinance against both the responsible adult and minor, with applicable penalties.

B. Responsible Adult's Second Violation. Any responsible adult as defined in this section who, following receipt of a warning, knowingly allows the minor to violate any of the provisions of this section is guilty of a municipal infraction.

C. Minor's First Violation. In the case of a first violation by a minor, the law enforcement officer may give the minor a written warning, which states that any subsequent violation will result in full enforcement of the curfew ordinance against the responsible adult and the minor, with applicable penalties, or, at the law enforcement officer's discretion, may issue the minor a citation for a first violation.

D. Minor's Second Violation. For the minor's second and subsequent violations of any of the provisions of this section, the minor is guilty of a municipal infraction.

46.02 CIGARETTES AND TOBACCO. It is unlawful for any person under 21 years of age to smoke, use, possess, purchase, or attempt to purchase any tobacco, tobacco products, alternative nicotine products, vapor products, or cigarettes. Possession of tobacco, tobacco products, alternative nicotine products, vapor products, or cigarettes by an individual under 21 years of age shall not constitute a violation of this section if the individual under 21 years of

age possesses the tobacco, tobacco products, alternative nicotine products, vapor products, or cigarettes as part of the person's employment and said person is employed by a person who holds a valid permit under Chapter 453A of the *Code of Iowa* or who lawfully offers for sale or sells cigarettes or tobacco products.

(Code of Iowa, Sec. 453A.2)

46.03 CONTRIBUTING TO DELINQUENCY. It is unlawful for any person to encourage any child under 18 years of age to commit any act of delinquency.

(Code of Iowa, Sec. 709A.1)

 - A. Description of Nuisance. A description of what constitutes the nuisance.

[†] **EDITOR'S NOTE:** A suggested form of notice for the abatement of nuisances is included in the Appendix of this Code of Ordinances. Caution is urged in the use of this administrative abatement procedure, particularly where cost of abatement is more than minimal or where there is doubt as to whether or not a nuisance does in fact exist. If compliance is not secured following notice and hearings, we recommend you review the situation with your attorney before proceeding with abatement and assessment of costs. Your attorney may recommend proceedings in court under Chapter 657 of the *Code of Iowa* rather than this procedure.

- B. Location of Nuisance. The location of the nuisance.
 - C. Acts Necessary to Abate. A statement of the act or acts necessary to abate the nuisance.
 - D. Reasonable Time. A reasonable time within which to complete the abatement.
 - E. Assessment of City Costs. A statement that if the nuisance or condition is not abated as directed and no request for hearing is made within the time prescribed, the City will abate it and assess the costs against the property owner.
2. Method of Service. The notice may be in the form of an ordinance or sent by certified mail to the property owner.
(Code of Iowa, Sec. 364.12[3h])
3. Request for Hearing. Any person ordered to abate a nuisance may have a hearing with the Council as to whether a nuisance exists. A request for a hearing must be made in writing and delivered to the Clerk within the time stated in the notice, or it will be conclusively presumed that a nuisance exists and it must be abated as ordered. The hearing will be before the Council at a time and place fixed by the Council. The findings of the Council shall be conclusive and, if a nuisance is found to exist, it shall be ordered abated within a reasonable time under the circumstances.
4. Abatement in Emergency. If it is determined that an emergency exists by reason of the continuing maintenance of the nuisance or condition, the City may perform any action that may be required under this chapter without prior notice. The City shall assess the costs as provided in Subsection 6 of this section after notice to the property owner under the applicable provisions of Subsections 1 and 2, and the hearing as provided in Subsection 3.
(Code of Iowa, Sec. 364.12[3h])
5. Abatement by City. If the person notified to abate a nuisance or condition neglects or fails to abate as directed, the City may perform the required action to abate, keeping an accurate account of the expense incurred. The itemized expense account shall be filed with the Clerk, who shall pay such expenses on behalf of the City.
(Code of Iowa, Sec. 364.12[3h])
6. Collection of Costs. The Clerk shall send a statement of the total expense incurred by certified mail to the property owner who has failed to abide by the notice to abate, and if the amount shown by the statement has not been paid within one month, the Clerk shall certify the costs to the County Treasurer and such costs shall then be collected with, and in the same manner as, general property taxes.
(Code of Iowa, Sec. 364.12[3h])
7. Installment Payment of Cost of Abatement. If the amount expended to abate the nuisance or condition exceeds \$500.00, the City may permit the assessment to be paid in up to 10 annual installments, to be paid in the same manner and with the same interest rates provided for assessments against benefited property under State law.
(Code of Iowa, Sec. 364.13)
8. Failure to Abate. Any person causing or maintaining a nuisance who shall fail or refuse to abate or remove the same within the reasonable time required and specified in the notice to abate is in violation of this Code of Ordinances.

50.07 MUNICIPAL INFRACTION ABATEMENT PROCEDURE. In lieu of the abatement procedures set forth in Section 50.06, the requirements of this chapter may be enforced under the procedures applicable to municipal infractions as set forth in Chapter 4 of this Code of Ordinances.

In order to appeal such order, written notice of appeal must be filed with the Clerk within three days after receipt of the order contained in the notice to remove the dangerous animal. Failure to file such written notice of appeal shall constitute a waiver of the right to appeal the order.

4. The notice of appeal shall state the grounds for such appeal and shall be delivered personally or by certified mail to the Clerk. The hearing of such appeal shall be scheduled within 14 days after the receipt of the notice of appeal. The hearing may be continued for good cause. After such hearing, the Council may affirm or reverse the order of the Police Chief. Such determination shall be contained in a written decision and shall be filed with the Clerk within three days after the hearing or any continued session thereof.

5. If the Council affirms the action of the Police Chief, the Council shall order in its written decision that the person owning, sheltering, harboring, or keeping such dangerous animal remove such animal from the City or destroy it. The decision and order shall immediately be served upon the person against whom rendered in the same manner as the notice of removal. If the original order of the Police Chief is not appealed and is not complied with within three days or the order of the Council after appeal has been served, the Police Chief is authorized to seize, impound, or destroy such dangerous animal. An animal so seized shall be impounded for a period of seven days. If at the end of the impoundment period, the person against whom the decision and order of the Police Chief or Council was issued has not petitioned the District Court for a review of said order, the Police Chief shall cause the animal to be disposed of by sale or shall destroy such animal in a humane manner. Failure to comply with an order of the Council issued pursuant to this chapter shall constitute a simple misdemeanor. All impoundment fees shall be at the expense of the owner of the dangerous animal, which fee shall be the actual cost of the feeding and care of the animal.

55.25 ESCAPE. No person shall aid or cause any dangerous animal, whether owned by such person or not, to escape confinement or impoundment, whether such confinement or impoundment be upon such person's property or that of another by opening any gate, door, or window or making any opening in any fence, enclosure or structure or by unleashing or releasing such animal.

2. Fail to prevent any dog or cat owned, possessed, kept, or harbored by him from running or being at large, whether such dog or cat is licensed or unlicensed; provided, however, that it shall be permissible for a dog to be led off the premises of its owner when under leash; and provided further, that it shall be permissible for a police dog not to be under leash while being utilized by a police officer in the performance of police duties and when accompanied by a police officer.

Upon payment of the license fee, the Clerk shall issue to the owner a license certificate which may be in the form of a receipt and a metallic tag for each dog or cat so licensed. The tag shall have stamped thereon the year for which it was issued, and the number corresponding with the number on the certificate. Every owner is required to provide each dog and cat with a collar or harness to which the license tag shall be affixed, and the owner shall see that the collar or harness bearing the license tag is constantly worn by the dog or cat. (Code of Iowa, Sec. 321G.1)

75.03 GENERAL REGULATIONS. No person shall operate a snowmobile within the City in violation of the provisions of Chapter 321G of the *Code of Iowa* or in violation of rules established by the Natural Resource Commission of the Department of Natural Resources governing their registration, equipment and manner of operation.

(Code of Iowa, Ch. 321G)

75.04 OPERATION OF SNOWMOBILES. The operators of snowmobiles shall comply with the following restrictions as to where snowmobiles may be operated within the City:

- (3) The driver yields the right-of-way to all on-coming traffic that constitutes an immediate hazard; and

- (4) In crossing a divided street, the crossing is made only at an intersection of such street with another street.

(Code of Iowa, Sec. 321G.9[2])

3. Railroad Right-of-Way. Snowmobiles shall not be operated on an operating railroad right-of-way. A snowmobile may be driven directly across a railroad right-of-way only at an established crossing and notwithstanding any other provisions of law may, if necessary, use the improved portion of the established crossing after yielding to all oncoming traffic.

(Code of Iowa, Sec. 321G.13[1h])

4. Trails. Snowmobiles shall not be operated on all-terrain vehicle trails except where so designated.

(Code of Iowa, Sec. 321G.9[4f])

75.05 NEGLIGENCE. The owner and operator of a snowmobile are liable for any injury or damage occasioned by the negligent operation of the snowmobile. The owner of a snowmobile shall be liable for any such injury or damage only if the owner was the operator of the snowmobile at the time the injury or damage occurred or if the operator had the owner’s consent to operate the snowmobile at the time the injury or damage occurred.

(Code of Iowa, Sec. 321G.18 and 321I.19)

75.06 ACCIDENT REPORTS. Whenever a snowmobile is involved in an accident resulting in injury or death to anyone or property damage amounting to \$1,500.00 or more, either the operator or someone acting for the operator shall immediately notify a law enforcement officer and shall file an accident report, in accordance with State law.

This chapter shall apply to all replacements of existing water service pipes as well as to new ones. The Superintendent shall make such rules, not in conflict with the provisions of this chapter, as may be needed for the detailed operation of the water system, subject to the approval of the Council. In the event of an emergency the Superintendent may make temporary rules for the protection of the system until due consideration by the Council may be had.

(Code of Iowa, Sec. 372.13[4])

90.03 MANDATORY CONNECTIONS. All residences and business establishments within the City limits intended or used for human habitation, occupancy or use shall be connected to the public water system, if it is reasonably available and if the building is not furnished with pure and wholesome water from some other source.

90.04 ABANDONED CONNECTIONS. When an existing water service is abandoned or a service is renewed with a new tap in the main, all abandoned connections with the mains shall be turned off at the corporation stop and made absolutely watertight.

90.05 PERMIT. Before any person makes a connection with the public water system, a written permit must be obtained from the City. The application for the permit shall include a legal description of the property, the name of the property owner, the name and address of the person who will do the work, and the general uses of the water. If the proposed work meets all the requirements of this chapter and if all fees required under this chapter have been paid, the permit shall be issued. Work under any permit must be completed within 60 days after the permit is issued, except that when such time period is inequitable or unfair due to conditions beyond the control of the person making the application, an extension of time within which to complete the work may be granted. The permit may be revoked at any time for any violation of these chapters.

90.06 CONNECTION CHARGE. There shall be a connection charge in the amount of \$100.00 paid before issuance of a permit, to reimburse the City for costs borne by the City in making water service available to the property served.

(Code of Iowa, Sec. 384.84)

90.07 COMPLIANCE WITH PLUMBING CODE. The installation of any water service pipe and any connection with the water system shall comply with all pertinent and applicable provisions, whether regulatory, procedural, or enforcement provisions, of the *International Plumbing Code*.

90.10 TAPPING MAINS. All taps into water mains shall be made by or under the direct supervision of the Superintendent and in accordance with the following:

(Code of Iowa, Sec. 372.13[4])

1. Independent Services. No more than one house, building, or premises shall be supplied from one tap unless special written permission is obtained from the Superintendent and unless provision is made so that each house, building, or premises may be shut off independently of the other.
2. Sizes and Location of Taps. All mains six inches or less in diameter shall receive no larger than a three-fourths inch tap. All mains of over six inches in diameter shall receive no larger than a one-inch tap. Where a larger connection than a one-inch tap is desired, two or more small taps or saddles shall be used, as the Superintendent shall order. All taps in the mains shall be made in the top half of the pipe, at least 18 inches apart. No main shall be tapped nearer than two feet of the joint in the main. A saddle tap is required for all PVC pipe tap connections.
3. Corporation Stop. A brass corporation stop, of the pattern and weight approved by the Superintendent, shall be inserted in every tap in the main. The corporation stop in the main shall be of the same size as the service pipe.

4. Location Record. An accurate and dimensional sketch showing the exact location of the tap shall be filed with the Superintendent in such form as the Superintendent shall require.

90.11 INSTALLATION OF WATER SERVICE PIPE. Water service pipes from the main to the meter setting shall be Type K copper. The use of any other pipe material for the service line shall first be approved by the Superintendent. Pipe must be laid sufficiently waving, and to such depth, as to prevent rupture from settlement or freezing.

90.12 RESPONSIBILITY FOR WATER SERVICE PIPE. All costs and expenses incident to the installation, connection, and maintenance of the water service pipe from the main to the building served shall be borne by the owner. The owner shall indemnify the City from any loss or damage that may directly or indirectly be occasioned by the installation or maintenance of said water service pipe.

90.13 FAILURE TO MAINTAIN. When any portion of the water service pipe which is the responsibility of the property owner becomes defective or creates a nuisance and the owner fails to correct such nuisance, the City may do so and assess the costs thereof to the property.

(Code of Iowa, Sec. 364.12[3a and h])

90.14 CURB VALVE. There shall be installed within the public right-of-way a main shut-off valve on the water service pipe of a pattern approved by the Superintendent. The shut-off valve shall be constructed to be visible and even with the pavement or ground.

90.15 INTERIOR VALVE. There shall be installed a shut-off valve on every service pipe inside the building as close to the entrance of the pipe within the building as possible and so located that the water can be shut off conveniently. Where one service pipe supplies more than one customer within the building, there shall be separate valves for each such customer so that service may be shut off for one without interfering with service to the others.

90.16 INSPECTION AND APPROVAL. All water service pipes and their connections to the water system must be inspected and approved in writing by the Superintendent before they are covered, and the Superintendent shall keep a record of such approvals. If the Superintendent refuses to approve the work, the plumber or property owner must proceed immediately to correct the work. Every person who uses or intends to use the municipal water system shall permit the Superintendent to enter the premises to inspect or make necessary alterations or repairs at all reasonable hours and on proof of authority.

90.17 COMPLETION BY THE CITY. Should any excavation be left open or only partly refilled for 24 hours after the water service pipe is installed and connected with the water system, or should the work be improperly done, the City shall have the right to finish or correct the work, and the Council shall assess the costs to the property owner or the plumber. If the plumber is assessed, the plumber must pay the costs before receiving another permit. If the property owner is assessed, such assessment may be collected with and in the same manner as general property taxes.

(Code of Iowa, Sec. 364.12[3a and h])

90.18 SHUTTING OFF WATER SUPPLY. The Superintendent may shut off the supply of water to any customer because of any violation of the regulations contained in these Water Service System chapters that is not being contested in good faith. The supply shall not be

turned on again until all violations have been corrected and the Superintendent has ordered the water to be turned on.

90.19 OPERATION OF CURB VALVE AND HYDRANTS. It is unlawful for any person except the Superintendent to turn water on at the curb valve, and no person, unless specifically authorized by the City, shall open or attempt to draw water from any fire hydrant for any purpose whatsoever.

2. “Estimated cost” means a cost estimate prepared by a registered professional engineer or qualified contractor experienced in the installation of water main pipe and appurtenances. All such estimates are subject to the approval of the Council and in the event of any disagreement as to the amount of estimated costs, the materials to be used, or installation methods, the determination of the Council shall be final and conclusive.

93.03 CONSTRUCTION BY CITY. An owner of land abutting or adjoining a property or a public street where no water main has been installed may make application to the Council for the installation of a water main along such property and in the street for the purpose of serving the property in accordance with the following:

1. Application and Deposit. A written request for such installation, and a sum equal to the total estimated cost of the installation from the point where the water main is presently installed and terminates to the point where the most distant boundary of the owner’s lot abuts an adjoining property or the public street, shall be submitted to the Council.
2. Construction. Upon receipt of the deposit, the City shall construct the water main for the purpose of serving the property of the applicant (builder), as soon as such construction can reasonably be accomplished.
3. Additional Costs. In the event the actual cost to the City of installation of the water main is in excess of the estimated cost, the builder agrees to reimburse the City for the actual additional cost within 30 days after the presentation of a bill for such additional cost.
4. Lien Authorized. In the event of the failure of the builder to reimburse the City, as specified in Subsection 3 above, the total of the additional cost shall be certified to the County Treasurer as a special assessment lien against the builder’s real estate. In the written request for installation of the water main, the landowner shall waive all objections to jurisdiction and rights to notice and consent to the entry of such a special assessment lien against the real estate.

5. **Maximum Cost.** The additional cost of installation, as contemplated in Subsections 3 and 4 above, shall not exceed 110 percent of the estimated cost.

6. **Connecting Property.** The expense of connecting the property of the builder to the water main shall be borne by the builder, in addition to the cost of constructing said water main, but such connection shall be under the supervision of the City.

93.04 CONSTRUCTION BY OWNER. In the event an owner of land abutting or adjoining a property or public street in which no water main has been previously installed desires to construct said water main at the owner's own expense, the owner may do so, after making proper application to the City and receiving a permit to install such a water main, in accordance with the following:

1. **City Supervision.** The installation of such a water main by a landowner at the owner's expense shall be under the strict supervision of the City and shall, in all ways, conform to the requirements and specifications of the City.

2. **Surety Bond.** When making application to the City for a permit to install such a water main, the applicant shall post with the City a surety bond, in an amount to be set by the Council and made a matter of record in the minutes of the Council, which shall be in an amount equal to (but not less than) 110 percent of the total estimated cost of the installation for the full distance from the termination point of the presently existing water main to the point where the farthest boundary of the applicant's land abuts the property or street, and the bond shall guarantee the installation of the water main in as short a time as reasonably possible and shall further indemnify the City for the cost of completing the project in the event the applicant fails to complete the project within a reasonable time, and shall further indemnify the City for all damages to public property incurred in the installation, and shall further hold the City harmless for any and all other damages arising from the installation of the water main.

3. **Ownership of Water Main.** After the water main has been installed, it shall become the property of the City.

4. **Cost Approval.** For purposes of determining connection charges under Section 93.05 below, costs incurred by the owner shall be certified by the City and only so much of said costs as are approved by the City shall be used in determining connection charges as provided hereafter.

93.05 CONNECTION CHARGE. Following the installation of an extension to the water system under the provisions of this chapter, there shall be paid to the City a connection charge in an amount equal to one-half the lineal construction cost for the full width of any lot, tract, or parcel of ground to be served by a connection to such water main. Such connection charge shall be paid to the City prior to making any connection to said water main.

93.06 RIGHTS OF CITY. All decisions in connection with the manner of installation of any extension and maintenance thereof shall remain in the exclusive control of the City and such extension shall be the property of the City and no other person shall have any right, title, or interest therein.

95.08 USE OF EASEMENTS. The Superintendent and other duly authorized employees of the City bearing proper credentials and identification shall be permitted to enter all private properties through which the City holds a duly negotiated easement for the purposes of, but not limited to, inspection, observation, measurement, sampling, repair, and maintenance of any portion of the sewage works lying within said easement. All entry and subsequent work, if any, on said easement, shall be done in full accordance with the terms of the duly negotiated easement pertaining to the private property involved.

95.09 SPECIAL PENALTIES. The following special penalty provisions shall apply to violations of these Sanitary Sewer chapters:

1. Notice of Violation. The application for the permit shall set forth the location and description of the property to be connected with the sewer system and the purpose for which the sewer is to be used, and shall be supplemented by any plans, specifications, or other information considered pertinent. The permit shall require the owner to complete construction and connection of the building sewer to the public sewer within 60 days after the issuance of the permit, except that when a property owner makes sufficient showing that due to conditions beyond the owner's control or peculiar hardship, such time period is inequitable or unfair, an extension of time within which to comply with the provisions herein may be granted. Any sewer connection permit may be revoked at any time for a violation of these chapters.

96.02 CONNECTION CHARGE. There shall be a connection charge in the amount of \$100.00 paid to reimburse the City for costs borne by the City in making sewer service available to the property served.

If no properly located "Y" branch is available, a saddle "Y" shall be installed at the location specified by the Superintendent. The public sewer shall be tapped with a tapping machine and a saddle appropriate to the type of public sewer shall be glued or attached with a gasket and stainless steel clamps to the sewer. At no time shall a building sewer be constructed so as to enter a manhole unless special written permission is received from the Superintendent and in accordance with the Superintendent's direction if such connection is approved.

96.06 EXCAVATIONS. All trench work, excavation and backfilling required in making a connection shall be performed in accordance with the provisions of the *International Plumbing Code* and the provisions of Chapter 135 of this Code of Ordinances.

96.07 INSPECTION REQUIRED. No building sewer shall be covered, concealed or put into use until it has been tested, inspected and accepted as prescribed in the *International Plumbing Code*.

96.08 PROPERTY OWNER'S RESPONSIBILITY. All costs and expenses incident to the installation, connection and maintenance of the building sewer shall be borne by the owner. The owner shall indemnify the City from any loss or damage that may directly or indirectly be occasioned by the installation of the building sewer.

96.09 ABATEMENT OF VIOLATIONS. Building sewers, whether located upon the private property of any owner or in the public right-of-way, which are constructed or maintained in violation of any of the requirements of this chapter shall be deemed a nuisance and the same shall be abated by the City in the manner provided for the abatement of nuisances.

97.05 Restricted Discharges; Powers of Superintendent

97.06 Special Facilities

97.07 Control Manholes

97.08 Testing of Wastes

97.01 STORMWATER. No person shall discharge or cause to be discharged any stormwater, surface water, groundwater, roof run-off, sub-surface drainage, uncontaminated cooling water, or unpolluted industrial process waters to any sanitary sewer. Stormwater and all other unpolluted drainage shall be discharged to such sewers that are specifically designated as combined sewers or storm sewers or to a natural outlet approved by the Superintendent. Industrial cooling water or unpolluted process waters may be discharged on approval of the Superintendent, to a storm sewer, combined sewer, or natural outlet.

97.02 SURFACE WATERS EXCEPTION. Special permits for discharging surface waters to a public sanitary sewer may be issued by the Council upon recommendation of the Superintendent where such discharge is deemed necessary or advisable for purposes of flushing, but any permit so issued shall be subject to revocation at any time when deemed to be in the best interests of the sewer system.

97.03 PROHIBITED DISCHARGES. No person shall discharge or cause to be discharged any of the following described waters or wastes to any public sewers:

1. Flammable or Explosive Material. Any gasoline, benzene, naphtha, fuel oil, or other flammable or explosive liquid, solid, or gas.
2. Toxic or Poisonous Materials. Any waters or wastes containing toxic or poisonous solids, liquids, or gases in sufficient quantity, either singly or by interaction with other wastes, to injure or interfere with any sewage treatment process, constitute a hazard to humans or animals, create a public nuisance, or create any hazard in the receiving waters of the sewage treatment plant, including but not limited to cyanides (CN) in excess of two milligrams per liter as CN in the wastes as discharged to the public sewer.
3. Corrosive Wastes. Any waters or wastes having a pH lower than 5.5 or having any other corrosive property capable of causing damage or hazard to structures, equipment, and personnel of the sewage works.
4. Solid or Viscous Substances. Solid or viscous substances in quantities or of such size capable of causing obstruction to the flow in sewers, or other interference with the proper operation of the sewage works such as, but not limited to, ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, unground garbage, whole blood, paunch manure, hair and fleshings, entrails and paper dishes, cups, milk containers, etc., either whole or ground by garbage grinders.
5. Excessive B.O.D., Solids or Flow.

than 350 parts per million by weight of suspended solids; or (iii) having an average daily flow greater than two percent of the average sewage flow of the City, shall be subject to the review of the Superintendent.

B. Where necessary in the opinion of the Superintendent, the owner shall provide, at the owner's expense, such preliminary treatment as may be necessary to: (i) reduce the biochemical oxygen demand to 300 parts per million by weight; or (ii) reduce the suspended solids to 350 parts per million by weight; or (iii) control the quantities and rates of discharge of such waters or wastes. Plans, specifications, and any other pertinent information relating to proposed preliminary treatment facilities shall be submitted for the approval of the Superintendent, and no construction of such facilities shall be commenced until said approvals are obtained in writing.

97.04 RESTRICTED DISCHARGES. No person shall discharge or cause to be discharged the following described substances, materials, waters, or wastes if it appears likely in the opinion of the Superintendent that such wastes can harm either the sewers, sewage treatment process, or equipment, have an adverse effect on the receiving stream or can otherwise endanger life, limb, public property, or constitute a nuisance. In forming an opinion as to the acceptability of these wastes, the Superintendent will give consideration to such factors as the quantities of subject wastes in relation to flows and velocities in the sewers, materials of construction of the sewers, nature of the sewage treatment process, capacity of the sewage treatment plant, degree of treatability of wastes in the sewage treatment plant, and other pertinent factors. The substances restricted are:

1. High Temperature. Any liquid or vapor having a temperature higher than 150°F (65°C).
2. Fat, Oil, Grease. Any water or waste containing fats, wax, grease, or oils, whether emulsified or not, in excess of 100 milligrams per liter or 600 milligrams per liter of dispersed or other soluble matter.
3. Viscous Substances. Water or wastes containing substances that may solidify or become viscous at temperatures between 32°F and 150°F (0°C to 65°C).
4. Garbage. Any garbage that has not been properly shredded, that is, to such a degree that all particles will be carried freely under the flow conditions normally prevailing in public sewers, with no particle greater than one-half inch in any dimension.
5. Acids. Any waters or wastes containing strong acid iron pickling wastes, or concentrated plating solution, whether neutralized or not.
6. Toxic or Objectionable Wastes. Any waters or wastes containing iron, chromium, copper, zinc, and similar objectionable or toxic substances; or wastes exerting an excessive chlorine requirement, to such degree that any such material received in the composite sewage at the sewage treatment works exceeds the limits established by the Superintendent for such materials.
7. Odor or Taste. Any waters or wastes containing phenols or other taste or odor producing substances, in such concentrations exceeding limits that may be established by the Superintendent as necessary, after treatment of the composite sewage, to meet the requirements of State, federal, or other public agencies of jurisdiction for such discharge to the receiving waters.

8. Radioactive Wastes. Any radioactive wastes or isotopes of such half-life or concentration as may exceed limits established by the Superintendent in compliance with applicable State or federal regulations.
9. Excess Alkalinity. Any waters or wastes having a pH in excess of 9.5.
10. Unusual Wastes. Materials that exert or cause:
 - A. Unusual concentrations of inert suspended solids (such as, but not limited to, Fullers earth, lime slurries, and lime residues) or of dissolved solids (such as, but not limited to, sodium chloride and sodium sulfate).
 - B. Excessive discoloration (such as, but not limited to, dye wastes and vegetable tanning solutions).
 - C. Unusual B.O.D., chemical oxygen demand, or chlorine requirements in such quantities as to constitute a significant load on the sewage treatment works.
 - D. Unusual volume of flow or concentration of wastes constituting "slugs" as defined herein.
11. Noxious or Malodorous Gases. Any noxious or malodorous gas or other substance that, either singly or by interaction with other wastes, is capable of creating a public nuisance or hazard to life or of preventing entry into sewers for their maintenance and repair.
12. Damaging Substances. Any waters, wastes, materials, or substances that react with water or wastes in the sewer system to release noxious gases, develop color of undesirable intensity, form suspended solids in objectionable concentration, or create any other condition deleterious to structures and treatment processes.
13. Untreatable Wastes. Waters or wastes containing substances that are not amenable to treatment or reduction by the sewage treatment processes employed, or are amenable to treatment only to such degree that the sewage treatment plant effluent cannot meet the requirements of other agencies having jurisdiction over discharge to the receiving waters.

97.05 RESTRICTED DISCHARGES; POWERS OF SUPERINTENDENT. If any waters or wastes are discharged or are proposed to be discharged to the public sewers, which waters contain the substances or possess the characteristics enumerated in Section 97.04 and which in the judgment of the Superintendent may have a deleterious effect upon the sewage works, processes, equipment, or receiving waters, or which otherwise create a hazard to life or constitute a public nuisance, the Superintendent may:

1. Rejection. Reject the wastes by requiring disconnection from the public sewage system;
2. Pretreatment. Require pretreatment to an acceptable condition for discharge to the public sewers;
3. Controls Imposed. Require control over the quantities and rates of discharge; and/or
4. Special Charges. Require payment to cover the added cost of handling and treating the wastes not covered by existing taxes or sewer charges under the provisions of Chapter 99.

97.06 SPECIAL FACILITIES. If the Superintendent permits the pretreatment or equalization of waste flows, the design and installation of the plants and equipment shall be subject to the review and approval of the Superintendent and subject to the requirements of all applicable codes, ordinances, and laws. Where preliminary treatment or flow-equalizing facilities are provided for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner at the owner's expense.

97.07 CONTROL MANHOLES. When required by the Superintendent, the owner of any property serviced by a building sewer carrying industrial wastes shall install a suitable control manhole together with such necessary meters and other appurtenances in the building sewer to facilitate observation, sampling, and measurement of the wastes. Such manhole, when required, shall be accessibly and safely located, and shall be constructed in accordance with plans approved by the Superintendent. The manhole shall be installed by the owner at the owner's expense, and shall be maintained by the owner so as to be safe and accessible at all times.

97.08 TESTING OF WASTES. All measurements, tests, and analyses of the characteristics of waters and wastes to which reference is made in this chapter shall be determined in accordance with the latest edition of *Standard Methods for the Examination of Water and Wastewater*, published by the American Public Health Association, and shall be determined at the control manhole provided, or upon suitable samples taken at said control manhole. In the event that no special manhole has been required, the control manhole shall be considered to be the nearest downstream manhole in the public sewer to the point at which the building sewer is connected. Sampling shall be carried out by customarily accepted methods to reflect the effect of constituents upon the sewage works and to determine the existence of hazards to life, limb, and property. (The particular analyses involved will determine whether a 24-hour composite of all outfalls of a premises is appropriate or whether a grab sample or samples should be taken. Normally, but not always, B.O.D. and suspended solids analyses are obtained from 24-hour composites of all outfalls whereas pH's are determined from periodic grab samples.)

CHAPTER 100

SEWER EXTENSIONS

100.01 Purpose

100.02 Definition

100.03 Construction by City

100.04 Construction by Owner

100.05 Others Required to Connect

100.06 Building Sewers Installed

100.01 PURPOSE. The purpose of this chapter is to provide a means and method for the extension of sewers to serve property not served by an existing sewer line so as to preserve and improve the peace, safety, health, welfare, comfort, and convenience of the residents of the City.

100.02 DEFINITION. For the purpose of this chapter, “builder” means the owner of land who causes a sanitary sewer to be installed under the provisions of this chapter. Such term includes the heirs, successors, or assigns of such owner.

100.03 CONSTRUCTION BY CITY. An owner of land abutting or adjoining a public street where no sanitary sewer has been installed may make application to the Council for the installation of a sanitary sewer in said street for the purpose of serving the property in accordance with the following:

1. Application and Deposit. A written request for such installation, and a sum equal to the cost as estimated by the City of construction from the point where the sanitary sewer is presently installed and terminates, to the point where the most distant boundary of the owner’s lot abuts the said public street, shall be submitted to the Council.
2. Construction. Upon receipt of the deposit, the City shall construct the sanitary sewer for the purpose of serving the property of the applicant (builder), as soon as such construction can reasonably be accomplished.
3. Additional Costs. In the event the actual cost to the City of installation of the sanitary sewer is in excess of the estimated cost, the builder agrees to reimburse the City for the actual additional cost within 30 days after the presentation of a bill for such additional cost.
4. Lien Authorized. In the event of the failure of the builder to reimburse the City, as specified in Subsection 3 above, the total of the additional cost shall be certified to the County Treasurer as a special assessment lien against the builder’s real estate. In the written request for installation of the sanitary sewer, the landowner shall waive all objections to jurisdiction and rights to notice and consent to the entry of such a special assessment lien against the real estate.
5. Connecting Property. The expense of connecting the property of the builder to the sanitary sewer laid in the public street shall be borne by the builder, in addition to the cost of constructing said sewer, but such connection shall be under the supervision of the City.

100.04 CONSTRUCTION BY OWNER. In the event an owner of land abutting or adjoining a public street in which no sewer has been previously installed desires to construct

said sewer at the owner's own expense, the owner may do so, after making proper application to the City and receiving a permit to install such a sewer, in accordance with the following:

1. City Supervision. The installation of such a sewer by a landowner at the owner's expense shall be under the strict supervision of the City and shall, in all ways, conform to the requirements and specifications of the City.
2. Surety Bond. When making application to the City for a permit to install such a sewer, the applicant shall post with the City a surety bond, in an amount to be set by the Council, and made a matter of record in the minutes of the Council, which shall be in an amount equal to but not less than 110 percent of the total estimated cost of the installation for the full distance from the termination point of the presently existing sewer to the point where the farthest boundary of the applicant's land abuts the public street, and the bond shall guarantee the installation of the sewer in as short a time as reasonably possible and shall further indemnify the City for the cost of completing the project in the event the applicant fails to complete the project within a reasonable time, and shall further indemnify the City for all damages to the public street incurred in the installation, and shall further hold the City harmless for any and all other damages arising from the installation of the sanitary sewer.
3. Ownership of Sewer Line. After the sewer has been installed, it shall become the property of the City.

100.05 OTHERS REQUIRED TO CONNECT. Following the installation of a sanitary sewer under the provisions of this chapter, owners of land abutting or adjoining a public street in which such sewer has been installed, being persons other than the builder, shall be obliged to connect any sewage generating facilities into said sanitary sewer, as required by Chapter 95.

100.06 BUILDING SEWERS INSTALLED. Each sanitary sewer constructed in a public street or right-of-way, whether constructed by the City or by a private party, shall include a stub to each abutting or adjoining lot line of the street or right-of-way on which the sewer is installed. Each party responsible for installing such sewer shall provide the City with an accurate map showing the location of each of such stubs within 30 days of the completion of the installation.

When litter is discarded from a motor vehicle, the driver of the motor vehicle shall be responsible for the act in any case where doubt exists as to which occupant of the motor vehicle actually discarded the litter.

(*Code of Iowa, Sec. 455B.363*)

105.08 TOXIC AND HAZARDOUS WASTE. No person shall deposit in a solid waste container or otherwise offer for collection any toxic or hazardous waste. Such materials shall be transported and disposed of as prescribed by the Director of the State Department of Natural Resources.

110.01 FRANCHISE GRANTED. There is hereby granted to MidAmerican Energy Company, an Iowa corporation, hereinafter called the “Company,” and to its successors and assigns, the right and franchise to acquire, construct, erect, maintain, and operate in the City of Monroe, Iowa, hereinafter called the “City,” a gas distribution system to furnish natural gas along, under, and upon the streets, avenues, alleys, and public places to serve customers within and without the City, and to furnish and sell natural gas to the City and its inhabitants. For the term of this franchise, the Company is granted the right of eminent domain, the exercise of which is subject to City Council approval upon application by the Company. This franchise shall be effective for a 20-year period from and after the effective date of the ordinance codified by this chapter.[†]

110.02 RIGHTS AND PRIVILEGES. The rights and privileges hereby granted are subject to the restrictions and limitations of Chapter 364 of the *Code of Iowa*, or as subsequently amended or changed.

110.03 PIPES AND MAINS. The Company shall have the right to excavate in any public street for the purpose of laying, re-laying, repairing, or extending gas pipes, mains, conduits, and other facilities, provided that the same shall be so placed as not to unreasonably interfere with the construction of any water pipes, drain, or sewer, or the flow of water therefrom, which have been or may hereafter be located by authority of the City.

110.04 CONSTRUCTION AND MAINTENANCE. The Company shall, excluding facilities located in private easements (whether titled in Company exclusively or in Company and other entities), in accordance with Iowa law including Company’s tariff on file with and made effective by the Iowa Utilities Board as may subsequently be amended (“Tariff”), at its cost and expense, locate and relocate its existing facilities or equipment in, on, over, or under any public street or alley in the City in such a manner as the City may reasonably require for the purposes of facilitating the construction, reconstruction, maintenance, or repair of the street or alley. If the City has a reasonable alternative route for the street, alley, or public improvements or an alternative construction method, which would not cause the relocation of the Company installations, the City shall select said alternative route or construction method.

[†] **EDITOR’S NOTE:** Ordinance No. 257, adopting a natural gas franchise for the City, was passed and adopted on January 13, 2014.

The City shall be responsible for surveying and staking the right-of-way for City projects that require the Company to relocate Company facilities. If requested, the City shall provide, at no cost to the Company, copies of its relocation plan and profile and cross-section drawings. If tree removals must be completed by the City as part of the City's project and are necessary whether or not utility facilities must be relocated, the City (at its own cost) shall be responsible for said removals. If the timing of the tree removals does not coincide with the Company facilities relocation schedule and the Company must remove trees that are included in the City's portion of the project, the City shall either remove the trees at its cost or reimburse the Company for the expenses incurred to remove said trees. If project funds from a source other than the City are available to pay for the relocation of utility facilities, the City shall attempt to secure said funds and provide them to the Company to compensate the Company for the costs of relocation.

110.05 EXCAVATIONS. In making excavations in any streets, avenues, alleys, and public places for the installation of gas pipes, conduits, or apparatus, the Company shall not unreasonably obstruct the use of the streets and shall replace the surface, restoring it to the condition as existed immediately prior to excavation. The Company agrees any replacement of road surface shall conform to current City code regarding its depth and composition. The Company shall not be required to restore or modify public right-of-way, sidewalks, or other areas in or adjacent to the Company project to a condition superior to its immediate previously existing condition or to a condition exceeding its previously existing condition to the extent any alterations are required for the City to comply with City, State, or federal rules, regulations, or laws.

110.06 UTILITY EASEMENTS. Vacating a street, avenue, alley, public ground, or public right-of-way shall not deprive the Company of its right to operate and maintain existing facilities on, below, above, or beneath the vacated property. Prior to the City abandoning or vacating any street, avenue, alley, or public ground where the Company has facilities in the vicinity, the City shall provide the Company with not less than 60-days' advance notice of the City's proposed action and, upon request, grant the Company a utility easement covering existing and future facilities and activities. If the City fails to grant the Company a utility easement for said facilities prior to abandoning or vacating a street, avenue, alley, or public ground, the City shall, at its cost and expense, obtain easements for existing Company facilities.

110.07 RELOCATION NOT REQUIRED. The Company shall not be required to relocate, at its cost and expense, Company facilities in the public right-of-way that have been relocated at Company expense at the direction of the City at any time during the previous years.

110.08 RELOCATION REIMBURSEMENT. Pursuant to relocation of Company facilities as may be required by Sections 110.03 through 110.07 of this chapter, if the City orders or requests the Company to relocate its existing facilities or equipment in order to directly or indirectly facilitate the project of a commercial or private developer or other non-public entity, the City shall reimburse, or the City shall require the developer or non-public entity to reimburse, the Company for the cost of such relocation as a precondition to relocation. The Company shall not be required to relocate in order to facilitate such private project at its expense.

110.09 INDEMNIFICATION. The Company shall indemnify and save harmless the City from any and all claims, suits, losses, damages, costs, or expenses, on account of injury or

damage to any person or property, and be responsible for the City's legal defense and expenses, to the extent caused or occasioned by the Company's negligence in construction, reconstruction, excavation, operation, or maintenance of the natural gas facilities authorized by this franchise; provided, however, that the Company shall not be obligated to defend, indemnify, and save harmless the City for any costs or damages to the extent arising from the negligence of the City, its officers, employees, or agents.

110.10 INFORMATION. Upon reasonable request, the Company shall provide the City, on a project-specific basis, information indicating the horizontal location, relative to boundaries of the right-of-way, of all equipment which it owns or over which it has control that is located in City right-of-way, including documents, maps, and other information in paper or electronic or other forms ("information"). The Company and City recognize the information may in whole or part be considered a confidential record under State or federal law, or both. Therefore, the City shall not release any information without prior consent of the Company and shall return the information to the Company upon request. The City recognizes that the Company claims the information may constitute a trade secret or is otherwise protected from public disclosure by State or federal law on other grounds and agrees to retain the information in its non-public files. Furthermore, the City agrees that no documents, maps, or information provided to the City by the Company shall be made available to the public or other entities if such documents or information are exempt from disclosure under the provisions of the *Freedom of Information Act*, the Federal Energy Regulatory Commission Critical Energy Infrastructure requirements pursuant to 18 CFR 388.112 and 388.113, or Chapter 22 of the *Code of Iowa*, as such statutes and regulations may be amended from time to time.

110.11 APPLICABLE REGULATIONS. The Company shall extend its mains and pipes and operate and maintain the system in accordance with the applicable regulations of the Iowa Utilities Board or its successors and Iowa law.

110.12 QUALITY AND QUANTITY. During the term of this franchise, the Company shall furnish natural gas in the quantity and quality consistent and in accordance with the applicable regulations of the Iowa Utilities Board, the Company's tariff made effective by the Iowa Utilities Board or its successors and Iowa law.

110.13 POLICE REGULATIONS. All reasonable and proper police regulations shall be adopted and enforced by the City for the protection of the facilities of the Company.

110.14 FRANCHISE FEE. A franchise fee is imposed upon, and shall be collected from, the natural gas customers of the Company receiving service pursuant to the Tariff and located within the corporate limits of the City. The franchise fee shall be imposed upon the gross receipts, minus uncollectable amounts, derived from the sale of natural gas and distribution service pursuant to the Tariff. The City imposes the franchise fee upon the following revenue classes:

- | | | |
|----|---------------------------|-----------|
| 1. | Residential Customers | 0 percent |
| 2. | Non-residential Customers | 0 percent |
| 3. | Transportation Customers | 0 percent |

110.15 FEE EXEMPTIONS. The City may, as allowed by Iowa law, exempt customer classes of sales from imposition of the franchise fee, or modify, decrease, or eliminate the franchise fee. The City reserves the right to cancel any or all the franchise fee exemptions and

also reserves the right to grant exemptions to customer classes in compliance with Iowa law and Section 110.17 of this chapter. The City does therefore exempt the customer classes or customer groups, shown below, franchise fees.

1. Customer classes exempted by the City at time of imposing a franchise fee percentage greater than zero percent.

110.16 COLLECTION OF FEES. The City recognizes the administrative burden collecting franchise fees imposes upon the Company and the Company requires lead time to commence collecting said franchise fees. The Company will commence collecting franchise fees on or before the first Company billing cycle of the first calendar month following 90 days of receipt of information required of the City to implement the franchise fee, including the City's documentation of customer classes subject to or exempted from City-imposed franchise fee. The City shall provide the information and data required in a form and format acceptable to the Company. The Company will, if requested by the City, provide the City with a list of premises considered by the Company to be within the corporate limits of the City.

110.17 IDENTIFYING CUSTOMERS. The City shall be solely responsible for identifying customer classes subject to, or exempt from, paying the City-imposed franchise fee. The City shall be solely responsible for notifying the Company of its corporate limits, including, over time, annexations or other alterations thereto, and customer classes that it wishes to subject to, or to the extent permitted by law, exempt from paying the franchise fee. The City shall provide to the Company, by certified mail, copies of annexation ordinances in a timely manner to ensure appropriate franchise fee collection from customers within the corporate limits of the City. The Company shall have no obligation to collect franchise fees from customers in annexed areas until and unless such ordinances have been provided to the Company by certified mail. The Company shall commence collecting franchise fees in the annexed areas no sooner than 60 days after receiving annexation ordinances from the City.

110.18 MODIFYING FEES. The City agrees to modify the level of franchise fees imposed only once in any 24-month period. Any such ordinance exempting classes of customers, increasing, decreasing, modifying, or eliminating the franchise fee shall become effective, and billings reflecting the change shall commence, on an agreed upon date which is not less than 60 days following written notice to the Company by certified mail. The Company shall not be required to implement such new ordinance unless and until it determines that it has received appropriate official documentation of final action by the City Council.

110.19 INDEMNIFICATION. The City shall indemnify the Company from claims of any nature arising out of or related to the imposition and collection of the franchise fee. In addition, the Company shall not be liable for collecting franchise fees from any customer originally or subsequently identified, or incorrectly identified, by the City as being subject to the franchise fee or being subject to a different level of franchise fees or being exempt from the imposition of franchise fees.

110.20 FEE REMITTANCE. The Company shall remit franchise fee revenues to the City no more frequently than on or before the last business day of the month following each quarter as follows:

1. January, February, and March;
2. April, May, and June;

3. July, August, and September; and
4. October, November, and December.

MidAmerican shall provide the City with notice at least 30 days in advance of any changes made in this collection schedule, including any alterations in the calendar quarters or any other changes in the remittance periods.

110.21 FEE REFUNDS. The Company shall not, under any circumstances be required to return or refund any franchise fees that have been collected from City customers and remitted to the City. In the event the Company is required to provide data or information in defense of the City's imposition of franchise fees or the Company is required to assist the City in identifying customers or calculating any franchise fee refunds for groups of or individual customers, the City shall reimburse the Company for the expenses incurred by the Company to provide such data or information.

110.22 OBLIGATION TO COLLECT. The obligation to collect and remit the fee imposed by this chapter is modified or repealed if:

1. Any other person is authorized to sell natural gas at retail to City consumers and the City imposes a franchise fee or its lawful equivalent at zero or a lesser rate than provided in this chapter, in which case the obligation of the Company to collect and remit franchise fee shall be modified to zero or the lesser rate;
2. The City adds additional territory by annexation or consolidation and is unable or unwilling to impose the franchise fee upon all persons selling natural gas at retail to consumers within the additional territory, in which case the franchise fee imposed on the revenue from sales by the Company in the additional territory shall be zero or equal to that of the lowest fee being paid by any other retail seller of natural gas within the City; or
3. Legislation is enacted by the Iowa General Assembly or the Supreme Court of Iowa issues a final ruling regarding franchise fees or the Iowa Utilities Board issues a final nonappealable order (collectively, "final franchise fee action") that modifies, but does not repeal, the ability of the City to impose a franchise fee or the ability of the Company to collect from City customers and remit franchise fees to the City. Within 60 days of final franchise fee action, the City shall notify the Company and the parties shall meet to determine whether this ordinance can be revised, and, if so, how to revise the franchise fee on a continuing basis to meet revised legal requirements. After final franchise fee action and until passage by the City of revisions to the franchise fee ordinance, the Company may temporarily discontinue collection and remittance of the franchise fee if in its sole opinion it believes it is required to do so in order to comply with revised legal requirements.

110.23 OBLIGATION RELIEVED. The other provisions of this chapter to the contrary notwithstanding, the Company shall be completely relieved of its obligation to collect and remit to the City the franchise fee as, effective as the date specified below with no liability therefor under each of any of the following circumstances as determined to exist in the sole discretion of Company:

1. Any of the imposition, collection, or remittance of a franchise fee is ruled to be unlawful by the Supreme Court of Iowa, effective as of the date of such ruling or as may be specified by that Court.

2. The Iowa General Assembly enacts legislation making imposition, collection, or remittance of a franchise fee unlawful, effective as of the date lawfully specified by the General Assembly.
3. The Iowa Utilities Board, or its successor agency, denies the Company the right to impose, collect, or remit a franchise fee provided such denial is affirmed by the Supreme Court of Iowa, effective as of the date of the final agency order from which the appeal is taken.

110.24 MANAGEMENT FEES. Upon implementation of a franchise fee the City shall not, pursuant to Chapter 480A.6 of the *Code of Iowa*, impose or charge Company right-of-way management fees for permits for Company construction, maintenance, repairs, excavation, pavement cutting, or inspections of Company work sites and projects or related matters.

110.25 TERMINATION. Either City or Company ("party") may terminate this franchise if the other party shall be materially in breach of its provisions. Upon the occurrence of a material breach, the non-breaching party shall provide the breaching party with notification by certified mail specifying the alleged breach. The breaching party shall have 60 days to cure the breach, unless it notifies the non-breaching party, and the parties agree upon a shorter or longer period for cure. If the breach is not cured within the cure period, the non-breaching party may terminate this franchise. A party shall not be considered to be in breach of this franchise if it has operated in compliance with State or federal law. A party shall not be considered to have breached this franchise if the alleged breach is the result of the actions of a third party or the other party.

111.02 RIGHTS AND PRIVILEGES. The rights and privileges hereby granted are subject to the restrictions and limitations of Chapter 364 of the *Code of Iowa*, or as subsequently amended or changed.

The Company shall have the right to erect all necessary poles and to place thereon the necessary wires, fixtures, and accessories as well as excavate and bury conductors for the distribution of electric energy and communications signals in and through the City, but all said conduits and poles shall be placed as not to unreasonably interfere with the construction of any water pipes, drain or sewer, or the flow of water therefrom, which have been or may hereafter be located by authority of the City.

111.04 TRIMMING TREES. The Company is authorized and empowered to prune or remove at Company expense any tree extending into any street, alley, or public grounds to maintain electric reliability, safety, to restore utility service, and to prevent limbs, branches, or trunks from interfering with the wires and facilities of the Company. The pruning and removal of trees shall be done in accordance with current nationally-accepted safety and utility industry standards and federal and State law, rules, and regulations.

[†] **EDITOR’S NOTE:** Ordinance No. 258, adopting an electric franchise for the City, was passed and adopted on January 13, 2014.

111.05 CONSTRUCTION AND MAINTENANCE. The Company shall, excluding facilities located in private easements (whether titled in the Company exclusively or in the Company and other entities), in accordance with Iowa law including the Company's tariff on file with and made effective by the Iowa Utilities Board as may subsequently be amended ("Tariff"), at its cost and expense, locate and relocate its existing facilities or equipment in, on, over, or under any public street or alley in the City in such a manner as the City may reasonably require for the purposes of facilitating the construction, reconstruction, maintenance, or repair of the street or alley of such street or alley. The City and the Company shall work together to develop a suitable alternative route or construction method so as to eliminate or minimize the cost and expense to the Company of relocation of Company installations. The City shall be responsible for surveying and staking the right-of-way for City projects that require the Company to relocate Company facilities. If requested, the City shall provide, at no cost to the Company, copies of the relocation plan and profile and cross section drawings. If tree removals must be completed by the City as part of the City's project and are necessary whether or not utility facilities must be relocated, the City at its own cost shall be responsible for said removals. If the timing of the tree removals does not coincide with the Company facilities relocation schedule and the Company must remove trees that are included in the City's portion of the project, the City shall either remove the trees or reimburse the Company for the expenses incurred to remove said trees. If project funds from a source other than the City are available to pay for the relocation of utility facilities, the City shall attempt to secure said funds and provide them to the Company to compensate the Company for the costs of relocation.

111.06 EXCAVATIONS. In making excavations in any streets, avenues, alleys, and public places for the installation, maintenance, or repair of conductor, conduits or the erection of poles and wires or other appliances, the Company shall not unreasonably obstruct the use of the streets, and shall replace the surface, restoring the condition as existed prior to the Company excavation. The Company shall not be required to restore or modify public right-of-way, sidewalks, or other areas in or adjacent to the Company project to a condition superior to its immediate previously existing condition or to a condition required for the City to comply with City, State, or federal rules, regulations, or law. The Company agrees any replacement of road surface shall conform to current City code regarding its depth and composition.

111.07 UTILITY EASEMENTS. Vacating a street, avenue, alley, public ground, or public right-of-way shall not deprive the Company of its right to operate and maintain existing facilities on, below, above, or beneath the vacated property. Prior to the City abandoning or vacating any street, avenue, alley, or public ground where the Company has electric facilities in the vicinity, the City shall provide Company with not less than 60-days' advance notice of the City's proposed action and, upon request grant the Company a utility easement covering existing and future facilities and activities. 111.08 RELOCATION NOT REQUIRED. The Company shall not be required to relocate, at its cost and expense, Company facilities in the public right-of-way that have been relocated at Company expense at the direction of the City in the previous 10 years.

111.09 RELOCATION REIMBURSEMENT. Pursuant to relocation of Company facilities as may be required by Sections 111.03, 111.05, 111.06, 111.07 and 111.08 of this chapter, if the City orders or requests the Company to relocate its existing facilities or equipment in order to facilitate the project of a commercial or private developer or other non-

public entity, the City shall reimburse or the City shall require the developer or non-public entity to reimburse the Company for the cost of such relocation as a precondition to relocation of its existing facilities or equipment. The Company shall not be required to relocate in order to facilitate such private project at its expense.

111.10 INDEMNIFICATION. The Company shall indemnify and save harmless the City from any and all claims, suits, losses, damages, costs, or expenses, on account of injury or damage to any person or property, and be responsible for the City's legal defense and expenses to the extent caused or occasioned by the Company's negligence in construction, reconstruction, excavation, operation, or maintenance of the electric facilities authorized by this franchise; provided, however, that the Company shall not be obligated to defend, indemnify, and save harmless the City for any costs or damages to the extent arising from the negligence of the City, its officers, employees, or agents.

111.11 INFORMATION. Upon reasonable request the Company shall provide the City, on a project specific basis, information indicating the horizontal location, relative to boundaries of the right-of-way, of all equipment which it owns or over which it has control that is located in City right-of-way. The Company and City recognize the information provided will, under current Iowa law, constitute public records, but that nonetheless, some information provided will be confidential under State or federal law or both. Therefore, the City shall not release any information with respect to the location or type of equipment which the Company owns or controls in the right-of-way which may constitute a trade secret or which may otherwise be protected from public disclosure by State or federal law. Furthermore, the City agrees that no documents, maps, or information provided to the City by the Company shall be made available to the public or other entities if such documents or information are exempt from disclosure under the provisions of the Freedom of Information Act, the Federal Energy Regulatory Commission Critical Energy Infrastructure requirements pursuant to 18 CFR 388.112 and 388.113, or Chapter 22 of the *Code of Iowa*, as such statutes and regulations may be amended from time to time.

111.12 APPLICABLE REGULATIONS. The Company shall construct, operate, and maintain its facilities in accordance with the applicable regulations of the Iowa Utilities Board or its successors and Iowa law.

111.13 QUALITY AND QUANTITY. During the term of this franchise, the Company shall furnish electric energy in the quantity and quality consistent with and in accordance with the applicable regulations of the Iowa Utilities Board, the Company's tariff, and made effective by the Iowa Utilities Board or its successors and Iowa law.

111.14 FRANCHISE FEE. There is hereby imposed upon and shall be collected from the retail electric customers of the Company receiving service, pursuant to the Tariff, located within the corporate limits of the City and remitted by the Company to the City, a franchise fee from each customer class as set forth below of the gross receipts, minus uncollectable amounts, derived by the Company from the delivery and sale of electric energy to customers within the corporate limits of the City;

- | | | |
|----|----------------------------|-----------|
| 1. | Residential Customers | 0 percent |
| 2. | Non-Residential Customers | 0 percent |
| 3. | Public Authority Customers | 0 percent |

111.15 FEE EXEMPTIONS. The City may, as allowed by Iowa law, exempt customer classes of sales from imposition of the franchise fee, or modify, decrease, or eliminate the franchise fee. The City reserves the right to cancel any or all the franchise fee exemptions and also reserves the right to grant exemptions to customer classes in compliance with Iowa law and Section 111.16 of this chapter. The City does therefore exempt the customer classes or customer groups shown below franchise fees.

1. Customer classes initially exempted by the City.

111.16 MODIFYING FEES. The City agrees to modify the level of franchise fees imposed only once in any 24-month period. Any such ordinance exempting classes of customers, increasing, decreasing, modifying or eliminating the franchise fee shall become effective, and billings reflecting the change shall commence on an agreed upon date which is not less than 60 days following written notice to the Company by certified mail. The Company shall not be required to implement such new ordinance unless and until it determines that it has received appropriate official documentation of final action by the City Council.

111.17 COLLECTION OF FEES. The City recognizes the administrative burden collecting franchise fees imposes upon the Company and the Company requires lead time to commence collecting said franchise fees. The Company will commence collecting franchise fees on or before the first Company billing cycle of the first calendar month following 90 days of receipt of information required of the City to implement the franchise fee, including the City's documentation of customer classes subject to or exempted from City-imposed franchise fee. The City shall provide the information and data required in a form and format acceptable to the Company. The Company will, if requested by the City, provide the City with a list of premises considered by the Company to be within the corporate limits of the City.

111.18 IDENTIFYING CUSTOMERS. The City shall be solely responsible for identifying customer classes subject to or exempt from paying the City-imposed franchise fee. The City shall be solely responsible for notifying the Company of its corporate limits, including, over time, annexations or other alterations thereto, and customer classes that it wishes to subject to, or to the extent permitted by law, exempt from paying the franchise fee. The City shall provide to the Company, by certified mail, copies of annexation ordinances in a timely manner to ensure appropriate franchise fee collection from customers within the corporate limits of the City. The Company shall have no obligation to collect franchise fees from customers in annexed areas until and unless such ordinances have been provided to the Company by certified mail. The Company shall commence collecting franchise fees in the annexed areas no sooner than 60 days after receiving annexation ordinances from the City.

111.19 FRANCHISE FEE INDEMNIFICATION. The City shall indemnify the Company from claims of any nature arising out of or related to the imposition and collection of the franchise fee. In addition, the Company shall not be liable for collecting franchise fees from any customer originally or subsequently identified, or incorrectly identified, by the City as being subject to the franchise fee or being subject to a different level of franchise fees or being exempt from the imposition of franchise fees.

111.20 FEE REMITTANCE. The Company shall remit franchise fee revenues to the City no more frequently than on or before the last business day of the month following each quarter as follows.

1. January, February, and March;

2. April, May, and June;
3. July, August, and September; and
4. October, November, and December.

MidAmerican shall provide City with notice at least 30 days in advance of any changes made in this collection schedule, including any alterations in the calendar quarters or any other changes in the remittance periods.

111.21 FEE REFUNDS. The Company shall not, under any circumstances be required to return or refund any franchise fees that have been collected from City customers and remitted to the City. In the event the Company is required to provide data or information in defense of the City's imposition of franchise fees or the Company is required to assist the City in identifying customers or calculating any franchise fee refunds for groups of or individual customers, the City shall reimburse the Company for the expenses incurred by the Company to provide such data or information.

111.22 OBLIGATION TO COLLECT. The obligation to collect and remit the fee imposed by this chapter is modified or repealed if:

1. Any other person is authorized to sell electricity at retail to City consumers and the City imposes a franchise fee or its lawful equivalent at zero or a lesser rate than provided in this chapter, in which case the obligation of the Company to collect and remit franchise fee shall be modified to zero or the lesser rate;
2. The City adds additional territory by annexation or consolidation and is unable or unwilling to impose the franchise fee upon all persons selling electricity at retail to consumers within the additional territory, in which case the franchise fee imposed on the revenue from sales by the Company in the additional territory shall be zero or equal to that of the lowest fee being paid by any other retail seller of electricity within the City; or
3. Legislation is enacted by the Iowa General Assembly or the Supreme Court of Iowa issues a final ruling regarding franchise fees or the Iowa Utilities Board issues a final nonappealable order (collectively, "final franchise fee action") that modifies, but does not repeal, the ability of the City to impose a franchise fee or the ability of the Company to collect from City customers and remit franchise fees to City. Within 60 days of final franchise fee action, the City shall notify the Company and the parties shall meet to determine whether this chapter can be revised, and, if so, how to revise the franchise fee on a continuing basis to meet revised legal requirements. After final franchise fee action and until passage by the City of revisions to the franchise fee ordinance, the Company may temporarily discontinue collection and remittance of the franchise fee if in its sole opinion it believes it is required to do so in order to comply with revised legal requirements.

111.23 OBLIGATION RELIEVED. The other provisions of this chapter to the contrary notwithstanding, the Company shall be completely relieved of its obligation to collect and remit to the City the franchise fee as, effective as the date specified below with no liability therefore under each of any of the following circumstances as determined to exist in the sole discretion of the Company:

1. Any of the imposition, collection, or remittance of a franchise fee is ruled to be unlawful by the Supreme Court of Iowa, effective as of the date of such ruling or as may be specified by that Court.
2. The Iowa General Assembly enacts legislation making imposition, collection, or remittance of a franchise fee unlawful, effective as of the date lawfully specified by the General Assembly.
3. The Iowa Utilities Board, or its successor agency, denies the Company the right to impose, collect, or remit a franchise fee provided such denial is affirmed by the Supreme Court of Iowa, effective as of the date of the final agency order from which the appeal is taken.

111.24 MANAGEMENT FEES. The City shall not, pursuant to Chapter 480A.6 of the *Code of Iowa*, impose or charge right-of-way management fees upon the Company or fees for permits for Company construction, maintenance, repairs, excavation, pavement cutting, or inspections of Company work sites and projects or related matters.

111.25 TERMINATION. Either City or Company ("party") may terminate this franchise if the other party shall be materially in breach of its provisions. Upon the occurrence of a material breach, the non-breaching party shall provide the breaching party with notification by certified mail specifying the alleged breach. The breaching party shall have 60 days to cure the breach, unless it notifies the non-breaching party, and the parties agree upon a longer period for cure. If the breach is not cured within the cure period, the non-breaching party may terminate this franchise. A party shall not be considered to be in breach of this franchise if it has operated in compliance with State or federal law. A party shall not be considered to have breached this franchise if the alleged breach is the result of the actions of a third party or the other party.

112.03 COMPLIANCE TO CABLE FRANCHISE REGULATORY ORDINANCE. The Grantee shall comply with all of the conditions and provisions of the Cable Franchise Regulatory Ordinance passed and adopted on March 13, 2006, unless an exemption or modification is so specified in this chapter. The Grantee shall be exempted from compliance with the following sections of the Cable Franchise Regulatory Ordinance codified in this chapter:

3. The Grantee shall provide for the installation and operation of an Emergency Alert System pursuant to FCC regulations.
4. The Grantee shall provide an “upstream capability” to allow live broadcast on or before June 30, 2006, on the Public, Educational, and Government (PEG) Access channel from the PCM High School. The full costs necessary to originate programming from any additional sites shall be the full responsibility of the City.

5. The Grantee will provide one channel to be used for educational and governmental access. The Grantee will activate this channel from the PCM High School and purchase all of the necessary equipment and modulators to activate the return.

112.05 SYSTEM IMPROVEMENTS. The cable system shall be operated in accordance with performance standards which meet or exceed FCC regulations. The cable system shall include or provide:

3. Drop Maintenance. Grantee shall maintain and replace subscriber drops during its normal operation of the cable system that do not meet the standards of the *National Electric Safety Code*. The cable system shall be designed to allow each subscriber drop to provide service to three outlets.

112.06 FRANCHISE FEE.

1. Franchise Fee Payment. In consideration for the use of the streets and public ways of the City for the construction, operation, maintenance, and reconstruction of a cable system within the City, the Grantee shall pay to the City an annual amount equal to five percent of the Grantee's Gross Revenues as defined in Section 112.01(6) of this chapter.

Each payment shall be accompanied with a detailed report signed by an officer or authorized representative of the Grantee showing the basis for the computation, and shall include (but not be limited to) a specific breakdown of the following items: basic tier service charges, expanded basic service charges, installation charges, reconnection fees, premium channel revenues, revenue from other sources such as contracted or subleased cable services, pay-per-view, miscellaneous revenue, and such other relevant facts, as may be required by the City, necessary to determine the accuracy of the franchise payment. The acceptance of any payment shall not be construed as an accord that the amount paid is, in fact, the correct amount; nor shall such acceptance of payment be construed as a release of any claim the City may have for additional sums payable by the Grantee. All amounts paid shall be subject to audit and recompilation by the City. The Grantee shall permit the City, upon request with reasonable notice, to review at Grantee's local office its gross revenue records as may be necessary to monitor compliance with this section.
3. Franchise Fee Audit. A Grantee will fully cooperate with a franchise fee audit performed by a professional firm that is chosen by the City. The costs associated with the audit will be paid for by the City, except that the Grantee shall pay for the costs if the audit shows an underpayment of franchise fees in excess of five

percent or more for the full time period audited by the City. The Grantee agrees to permit the City, upon request with reasonable notice, to review at Grantee's local office its gross revenue records as may be necessary to monitor compliance with this section.

4. Franchise Fee Increases. The City may request an increase in franchise fees at any time during the term of the franchise, equal to the maximum percentage allowed by federal law. However, such request shall be made in writing and the Grantee will not be liable for said increase until proper notice, as defined by federal law, is given to its subscribers. Prior to making a final decision regarding an increase in franchise fees, the City shall conduct a public hearing and shall grant an opportunity to the Grantee to discuss the proposed increase in franchise fee.

5. Limitation on Franchise Fee Actions. The period of limitation for recovery of any franchise fee payable hereunder shall be five years from the date on which payment by a Grantee is due.

112.07 PUBLIC, EDUCATIONAL, AND GOVERNMENT (PEG) ACCESS.

1. General Characteristics. An Educational and Governmental Access channel is a channel made available to the City or its non-profit designee by Grantee for the purpose of cable casting non-commercial programming by City administration and educational institutions. The City and its designees agree not to use the access channel to provide commercial or revenue-generating services or services that may compete, directly or indirectly, with services provided by the Grantee; provided, however, the City or its designee may cablecast acknowledgments of funding sources and the underwriting of programming costs. Such acknowledgements will be deemed non-commercial if they are within the standards for underwriting applicable to the Public Broadcasting Service (PBS) or the standards necessary to maintain tax exempt status within the applicable regulations of the Internal Revenue Service. Programming shall not lose its non-commercial character by reason of including public or charitable fund-raising events or activities, or donor and underwriting announcements reflecting funding provided by for-profit or non-profit entities for PEG programming in accordance with the provisions of 47 C.F.R. 73.621 of the FCC's Rules. The Educational and Governmental Access channel shall be activated by the Grantee to originate from the location specified in Section 112.04(4) of this chapter no later than August 1, 2006.

2. Capital Funding.

A. Grant. The Grantee will provide the City with \$5,000.00 no later than July 1, 2006, for the purchase of up-front capital equipment and/or facilities as the City deems necessary to operate the Government and Educational Access channel. The City agrees that this initial grant may be passed through to subscribers, as allowed by federal law.

B. Prepaid Franchise Fees. The Grantee will provide the City with a prepayment of franchise fees not to exceed 10 percent of the Grantee's Gross Revenues received from the Service Area in the previous calendar year to purchase video and audio production equipment necessary to operate the Access Channel no later than August 1, 2006. The City shall retain ownership and shall be responsible for maintenance of all equipment purchased pursuant to this section. The equipment purchase amount shall be considered a prepayment of franchise fees as referenced in Section 112.06 of this chapter.

The Grantee shall collect and retain franchise fees from subscribers until the full amount of the prepayment has been recouped. The Grantee shall provide the City with a statement of franchise fees collected to recoup the amount of prepayment quarterly as required in Section 112.06(2) of this chapter. The Grantee shall pay all franchise fees to the City following reimbursement for the PEG access equipment for the remaining term of the agreement.

C. Optional Additional Prepayment of Franchise Fees. At the City's option, the Grantee shall make two additional prepayments of franchise fees during the term of the agreement provided: (i) all prepaid fees from the prior prepayment have been fully recouped by the Grantee; (ii) the City notifies the Grantee via written request no later than September 30 of the existing calendar year to allow the Grantee to budget for the fee prepayment; and (iii) the prepayment request must be made at least 36 months prior to the scheduled expiration of the franchise agreement including any term extensions mutually agreed upon by the City and the Grantee.

112.08 SERVICE TO PUBLIC BUILDINGS.

1. Cable Service. The Grantee shall, upon request, provide without charge a standard installation of one outlet of basic service and expanded basic cable service to the following public buildings in the City:

- A. Public Library
- B. All Public School Buildings

2. Internet Service. The Grantee shall, upon request, provide without charge a standard installation of one outlet of high-speed Internet service to the following public buildings in the City:

- A. City Hall
- B. Public Library
- C. All Public School Buildings

112.09 SERVICE AREA. The Grantee shall, at its expense, promptly extend its system to have service available to all potential subscribers of:

1. The corporate limits of the City and newly annexed areas to the City, not then served by a cable system, where the average density is at least eight potential subscribers per lineal one-quarter mile of the proposed trunk and feeder cable route.
2. Any new single-family dwelling unit, commercial establishment, or potential subscriber within 200 feet of the existing distribution system in the City, upon request of the potential subscriber.
3. No customer shall be refused service arbitrarily. However, for unusual circumstances, such as: (i) existence of more than 300 feet of distance from the distribution cable to the connection point of service to the customers; or (ii) a density of less than eight potential subscribers per 1,320 cable-bearing strand feet of trunk or distribution cable, service may be made available on the basis of a capital contribution in aid of construction, including cost of material, labor, and easements. For the purpose of determining the amount of capital contribution in the aid of construction to be borne by the Grantee and the customers in the area in which service may be expanded, the Grantee will contribute an amount equal to the construction and other

costs per one-quarter mile, multiplied by a fraction whose numerator equals the actual number of residences per 1,320 cable-bearing strand feet of its trunks or distribution cable, and whose denominator equals six potential subscribers. Customers who request service hereunder will bear the remainder of the construction and other costs on a pro rata basis. The Grantee may require that the payment of the capital contribution in aid of the construction borne by such potential customers be paid in advance.

112.10 TEMPORARY DROPS. Temporary drops shall be buried within two months of installation, except during the winter months which shall be defined as November 15 to April 1. In the event that the Grantee fails to bury any cable drops, within the two-month period, the Grantee shall provide basic and expanded basic cable service without charge to the affected cable subscriber from the last date that the drop was to have been buried to that actual date that it is buried.

112.11 ANNUAL REPORT. No later than ninety (90) days after the close of a Grantee's fiscal year, and upon written request, the Grantee shall submit a detailed written informative report to the City, including the following information:

1. A summary of the previous year's activities in development of the cable system, including, but not limited to, services begun or dropped and newly served geographic areas within the City limits.
2. A summary of complaints, identifying the number and specific nature of complaints and their disposition.
3. A list of key management for the Monroe franchise along with their addresses and job titles.
4. The annual report of the parent company, if a public corporation. Such report shall be construed to mean the report of the previous year.
5. The total estimated annual value of the potential revenue from cable services provided in the Service Area without charge or provided under a barter arrangement, along with the total estimated number of persons who are provided cable services in the Service Area without charge or under a barter agreement.

112.12 FRANCHISE NONEXCLUSIVE. Consistent with the requirements of the ordinance, the franchise shall not be construed as any limitation upon the right of the City to grant to other persons rights, privileges, or authorities similar to the rights, privileges, and authorities herein set forth, in the same or other streets, alleys, or other public ways or public places. The City specifically reserves the right to grant at any time during the term of this franchise or renewal thereof, if any, such additional franchises for a cable system as it deems appropriate.

112.13 POLICE POWERS. In accepting this franchise, Grantee acknowledges that its rights hereunder are subject to the police powers of the City to adopt and enforce general ordinances necessary for the safety and welfare of the public and it agrees to comply with all applicable general laws and ordinances enacted by the City pursuant to such powers.

112.14 TRANSFER OF FRANCHISE. The Grantee's right, title, or interest in the franchise shall not be sold, transferred, assigned, or otherwise encumbered, other than to an entity, controlling, controlled by, or under common control with the Grantee, without the prior consent of the City. Such consent shall not be unreasonably withheld. No such consent shall

be required, however, for a transfer in trust, by mortgage, by other hypothecation, or by assignment of any rights, title, or interest of the Grantee in the franchise in order to secure indebtedness. Within 30 days of receiving the request for transfer, the City shall in accordance with FCC rules and regulations, notify the Grantee in writing of the information it requires to determine the legal, financial and technical qualifications of the transferee.

112.15 INDEMNIFICATION. The Grantee shall defend, indemnify, protect, and hold harmless the City from and against any and all liability, losses, and damage to property or bodily injury or death to any person, including payments made under worker's compensation laws, which may arise out of or be caused by the erection, construction, replacement, removal, maintenance, or operation of Grantee's cable system and caused by any act or failure to act on the part of the Grantee, its agents, officers, servants, or employees. The City shall give the Grantee written notice of its obligation to indemnify, within 30 days following service of a petition or other similar pleading. If the City determines that it is necessary for it to employ separate counsel, the costs for such separate counsel shall be the responsibility of the City.

112.16 ENFORCEMENT AND TERMINATION OF FRANCHISE.

1. Notice of Violation. In the event that the City believes that the Grantee has not complied with the terms of the franchise, it shall notify the Grantee in writing of the exact nature of the alleged noncompliance.
2. Grantee's Right to Cure or Respond. The Grantee shall have 30 days from receipt of the notice described in Subsection 1: (i) to respond to the City, contesting the assertion of noncompliance, or (ii) to cure such default, or (iii) in the event that, by the nature of default, such default cannot be cured within the 30-day period, initiate reasonable steps to remedy such default and notify the City of the steps being taken and the projected date that they will be completed.
3. Public Hearing. In the event that the Grantee fails to respond to the notice described in Subsection 1 above pursuant to the procedures set forth in Subsection 2 above, or in the event that the alleged default is not remedied within 30 days or the date projected pursuant to Subsection 2 above, the City shall schedule a public hearing to investigate the default. The City shall notify the Grantee in writing of the time and place of such meeting no less than five business days in advance and provide the Grantee with an opportunity to be heard.
4. Enforcement. Subject to applicable federal and State law, in the event the City, after such public hearing, determines that the Grantee is in default of any provision of the franchise, the City may:
 - A. Seek specific performance of any provision, which reasonably lends itself to such remedy, as an alternative to damages;
 - B. Commence an action at law for monetary damages or seek other equitable relief; or
 - C. In the case of a substantial default of a material provision of the franchise, declare the franchise agreement to be revoked in accordance with the procedures outlined in this section.

The City shall give written notice to the Grantee of its intent to revoke the franchise on the basis of noncompliance by the Grantee, including one or more instances of substantial noncompliance with a material provision of the franchise. The notice shall set forth the exact nature of the noncompliance. The Grantee shall have 90 days from

such notice to object in writing and to state its reasons for such objection. In the event the City has not received a response satisfactory from the Grantee, it may then seek termination of the franchise at a public meeting. The City shall cause to be served upon the Grantee, at least 10 days prior to such public meeting, a written notice specifying the time and place of such meeting and stating its intent to request such termination. At the designated meeting, the City shall give the Grantee an opportunity to state its position on the matter, after which it shall determine whether or not the franchise shall be revoked. The Grantee may appeal such determination to an appropriate court, which shall have the power to review the decision of the City *de novo* and to modify or reverse such decision as justice may require. Such appeal to the appropriate court must be taken within 60 days of the issuance of the determination of the City. The City may, at its sole discretion, take any lawful action which it deems appropriate to enforce the City's rights under the franchise in lieu of revocation of the franchise.

112.17 IMPOSSIBILITY OF PERFORMANCE. A Grantee shall not be held in default or noncompliance with the provisions of the franchise or suffer any enforcement or penalty relating thereto, where such noncompliance or alleged defaults are caused by the following circumstances if reasonably beyond its control:

2. Governmental or regulatory restrictions.
3. Lockouts.
4. War.
5. National emergencies.

8. Strikes.

112.18 TERMINATION OF FRANCHISE.

1. Grounds for Revocation. The City reserves the right to revoke any franchise and rescind all rights and privileges associated with the franchise in the following circumstances:

- B. If a petition is filed by or against the Grantee under the Bankruptcy Act or any other insolvency or creditors' rights law (State or federal) and the Grantee shall fail to have it dismissed.

F. If the Grantee evades any of the provisions of this chapter or the franchise agreement.

G. If the Grantee practices any intentional fraud or deceit upon the City or cable subscribers.

H. If the Grantee materially misrepresents facts in the application for a franchise.

I. If the Grantee ceases to provide services over the cable system for seven consecutive days for any reason within the control of the Grantee.

2. **Restoration of Property.** In removing its plant, structures and equipment, the Grantee shall refill at its own expense any excavation that shall be made by it and shall leave all public ways and places in as good condition as that prevailing prior to the Grantee's removal of its equipment and appliances, without affecting the electric or telephone cables, wires or attachments. The City shall inspect and approve the condition of the public ways and public places and cables, wires, attachments and poles after removal. Liability insurance indemnity provided in Section 112.20 of this chapter and the performance bond in Section 112.19 of this chapter shall continue in full force and effect during the period of removal.

3. **Reimbursement of Costs.** In the event of a failure by the Grantee to complete any work as required above or any work required by law or ordinance within the time established and to the reasonable satisfaction of the City, after due notice and opportunity to cure, the City may cause such work to be done and the Grantee shall reimburse the City the costs thereof within 30 days after receipt of an itemized list of such costs or the City may recover such costs as provided in Section 112.16 of this chapter through the performance bond.

112.19 FAITHFUL PERFORMANCE BOND. Upon acceptance of the franchise, Grantee shall submit and maintain throughout the term of the franchise, a faithful performance bond in the amount of \$100,000.00. operating a cable system or providing cable service to any part of the service area, the material provisions thereof shall be reasonably comparable to those contained herein, in order that one operator not be granted an unfair competitive advantage over another, and to provide all parties equal protection under the law.

112.22 ADOPTION. This franchise renewal agreement was awarded by the Council on March 13, 2006, and was published as required on March 23, 2006.

112.23 NOTICES. Unless expressly otherwise agreed between the parties, every notice or response required by this chapter to be served upon the City or the Grantee shall be in writing and shall be deemed to have been duly given to the required party five business days after having been posted in a properly sealed and correctly addressed envelope when hand delivered or sent by certified or registered mail, postage prepaid. 137.05 DISPOSAL OF VACATED STREETS OR ALLEYS. When in the judgment of the Council it would be in the best interest of the City to dispose of a vacated street or alley, portion thereof or public ground, the Council may do so in accordance with the provisions of Section 364.7, *Code of Iowa*.

(Code of Iowa, Sec. 364.7)

137.06 DISPOSAL BY GIFT LIMITED. The City may not dispose of real property by gift except to a governmental body for a public purpose or to a fair.

145.01 Enforcement Officer
145.02 General Definition of Unsafe
145.03 Unsafe Building
145.04 Notice to Owner

145.05 Conduct of Hearing
145.06 Posting of Signs
145.07 Right to Demolish; Municipal Infraction
145.08 Costs

145.01 ENFORCEMENT OFFICER. The Building Official is responsible for the enforcement of this chapter.

145.02 GENERAL DEFINITION OF UNSAFE. All buildings or structures that are structurally unsafe or not provided with adequate egress, or that constitute a fire hazard, or are otherwise dangerous to human life, or that in relation to existing use constitute a hazard to safety or health, or public welfare, by reason of inadequate maintenance, dilapidation, obsolescence, or abandonment, are, for the purpose of this chapter, unsafe buildings. All such unsafe buildings are hereby declared to be public nuisances and shall be abated by repair, rehabilitation, demolition, or removal in accordance with the procedure specified in this chapter.

(Code of Iowa, Sec. 657A.1 and 364.12[3a])

145.03 UNSAFE BUILDING. “Unsafe building” means any structure or mobile home meeting any or all of the following criteria:

1. Various Inadequacies. Whenever the building or structure, or any portion thereof, because of: (i) dilapidation, deterioration, or decay; (ii) faulty construction; (iii) the removal, movement, or instability of any portion of the ground necessary for the purpose of supporting such building; (iv) the deterioration, decay, or inadequacy of its foundation; or (v) any other cause, is likely to partially or completely collapse.
2. Manifestly Unsafe. Whenever, for any reason, the building or structure, or any portion thereof, is manifestly unsafe for the purpose for which it is being used.
3. Inadequate Maintenance. Whenever a building or structure, used or intended to be used for dwelling purposes, because of dilapidation, decay, damage, faulty construction, or otherwise, is determined by any health officer to be unsanitary, unfit for human habitation or in such condition that it is likely to cause sickness or disease.
4. Fire Hazard. Whenever any building or structure, because of dilapidated condition, deterioration, damage, or other cause, is determined by the Fire Marshal or Fire Chief to be a fire hazard.
5. Abandoned. Whenever any portion of a building or structure remains on a site after the demolition or destruction of the building or structure or whenever any building or structure is abandoned for a period in excess of six months so as to constitute such building or portion thereof an attractive nuisance or hazard to the public.

145.04 NOTICE TO OWNER. The enforcement officer shall examine or cause to be examined every building or structure or portion thereof reported as dangerous or damaged and, if such is found to be an unsafe building as defined in this chapter, the enforcement

officer shall give to the owner of such building or structure written notice stating the defects thereof. This notice may require the owner or person in charge of the building or premises, within 48 hours or such reasonable time as the circumstances require, to commence either the required repairs or improvements or demolition and removal of the building or structure or portions thereof, and all such work shall be completed within 90 days from date of notice, unless otherwise stipulated by the enforcement officer. If necessary, such notice shall also require the building, structure, or portion thereof to be vacated forthwith and not reoccupied until the required repairs and improvements are completed, inspected, and approved by the enforcement officer.

(Code of Iowa, Sec. 364.12[3h])

1. Notice Served. Such notice shall be served by sending by certified mail to the owner of record, according to Section 364.12[3h] of the *Code of Iowa*, if the owner is found within the City limits. If the owner is not found within the City limits, such service may be made upon the owner by registered mail or certified mail. The designated period within which said owner or person in charge is required to comply with the order of the enforcement officer shall begin as of the date the owner receives such notice.
2. Hearing. Such notice shall also advise the owner that he or she may request a hearing before the Council on the notice by filing a written request for hearing within the time provided in the notice.

145.05 CONDUCT OF HEARING. If requested, the Council shall conduct a hearing in accordance with the following:

1. Notice. The owner shall be served with written notice specifying the date, time and place of hearing.
2. Owner's Rights. At the hearing, the owner may appear and show cause why the alleged nuisance shall not be abated.
3. Determination. The Council shall make and record findings of fact and may issue such order as it deems appropriate.[†]

145.06 POSTING OF SIGNS. The enforcement officer shall cause to be posted at each entrance to such building a notice to read: "DO NOT ENTER. UNSAFE TO OCCUPY. CITY OF MONROE, IOWA." Such notice shall remain posted until the required demolition, removal or repairs are completed. Such notice shall not be removed without written permission of the enforcement officer and no person shall enter the building except for the purpose of making the required repairs or of demolishing the building.

145.07 RIGHT TO DEMOLISH; MUNICIPAL INFRACTION. In case the owner fails, neglects, or refuses to comply with the notice to repair, rehabilitate, or to demolish and remove the building or structure or portion thereof, the Council may order the owner of the building prosecuted as a violator of the provisions of this chapter and may order the enforcement officer to proceed with the work specified in such notice. A statement of the cost of such work shall be transmitted to the Council. As an alternative to this action, the City may utilize the municipal infraction process to abate the nuisance.

[†] **EDITOR'S NOTE:** Suggested forms of notice and of a resolution and order of the Council for the administration of this chapter are provided in the APPENDIX to this Code of Ordinances. Caution is urged in the use of this procedure. We recommend you review the situation with your attorney before initiating procedures and follow his or her recommendation carefully.

25. “Minor projects” means small development activities (except for filling, grading, and excavating) valued at less than \$500.00.

26. “New construction” (new buildings, factory-built home parks) means those structures or development for which the start of construction commenced on or after the effective date of the first floodplain management regulations adopted by the community.

27. “New factory-built home park or subdivision” means a factory-built home park or subdivision for which the construction of facilities for servicing the lots on which the factory-built homes are to be affixed (including at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed on or after the effective date of the effective date of the first floodplain management regulations adopted by the community.

28. “Recreational vehicle” means a vehicle which is:
- A. Built on a single chassis;
 - B. Four hundred (400) square feet or less when measured at the largest horizontal projection;
 - C. Designed to be self-propelled or permanently towable by a light duty truck; and
 - D. Designed primarily not for use as a permanent dwelling but as a temporary living quarters for recreational, camping, travel, or seasonal use.
29. “Routine maintenance of existing buildings and facilities” means repairs necessary to keep a structure in a safe and habitable condition that do not trigger a building permit, provided they are not associated with a general improvement of the structure or repair of a damaged structure. Such repairs include:
- A. Normal maintenance of structures such as re-roofing, replacing roofing tiles and replacing siding.
 - B. Exterior and interior painting, papering, tiling, carpeting, cabinets, counter tops and similar finish work.
 - C. Basement sealing.
 - D. Repairing or replacing damaged or broken window panes.
 - E. Repairing plumbing systems, electrical systems, heating, or air conditioning systems and repairing wells or septic systems.
30. “Special flood hazard area” (SFHA) means the land within a community subject to the base flood. This land is identified on the community’s Flood Insurance Rate Map as Zone A, A1-30, AE, AH, AO, AR, and/or A99.
31. “Start of construction” includes substantial improvement, and means the date the development permit was issued, provided the actual start of construction, repair, reconstruction, rehabilitation, addition, placement, or other improvement, was within 180 days of the permit date. The actual start means either the first placement or permanent construction of a structure on a site, such as pouring of a slab or footings, the installation of pile, the construction of columns, or any work beyond the stage of excavation; or the placement of a factory-built home on a foundation. Permanent construction does not include land preparation, such as clearing, grading, and filling; nor does it include the installation of streets and/or walkways; nor does it include excavation for a basement, footings, piers, or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory buildings such as garages or sheds not occupied as dwelling units or not part of the main structure. For a substantial improvement, the actual start of construction means the first alteration of any wall, ceiling, floor, or other structural part of the building, whether or not that alteration affects the external dimensions of the building.
32. “Structure” means anything constructed or erected on the ground or attached to the ground, including, but not limited to, buildings, factories, sheds, cabins, factory-built homes, storage tanks, grain storage facilities, and/or other similar uses.
33. “Substantial damage” means damage of any origin sustained by a structure whereby the cost of restoring the structure to its before damage condition would equal or exceed 50 percent of the market value of the structure before the damage occurred.

Volunteer labor and donated materials shall be included in the estimated cost of repair. Substantial damage also means flood-related damages sustained by a structure on two separate occasions during a 10-year period for which the cost of repairs at the time of such flood event, on the average, equals or exceeds 25 percent of the market value of the structure before the damage occurred. Volunteer labor and donated materials shall be included in the estimated cost of repair.

34. “Substantial improvement” means any improvement to a structure which satisfies either of the following criteria:

A. Any repair, reconstruction, or improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure either: (i) before the start of construction of the improvement; or (ii) if the structure has been substantially damaged and is being restored, before the damage occurred.

The term does not, however, include any project for improvement of a structure to correct existing violations of state or local health, sanitary, or safety code specifications which have been identified by the local code enforcement official and which are the minimum necessary to assure safe living conditions. The term also does not include any alteration of a historic structure, provided the alteration will not preclude the structure’s designation as a historic structure.

B. Any addition which increases the original floor area of a building by 25 percent or more. All additions constructed after the effective date of the first floodplain management regulations adopted by the community shall be added to any proposed addition in determining whether the total increase in original floor space would exceed 25 percent.

35. “Variance” means a grant of relief by a community from the terms of the floodplain management regulations.

36. “Violation” means the failure of a structure or other development to be fully compliant with the community’s floodplain management regulations.

160.02 STATUTORY AUTHORITY, FINDINGS OF FACT AND PURPOSE.

1. The Legislature of the State of Iowa has, in Chapter 414 of the *Code of Iowa*, as amended, delegated the power to cities to enact zoning regulations to secure safety from flood and to promote health and the general welfare.

2. Findings of Fact.

A. The flood hazard areas of the City are subject to periodic inundation which can result in loss of life and property, health and safety hazards, disruption of commerce and governmental services, extraordinary public expenditures for flood protection and relief, and impairment of the tax base all of which adversely affect the public health, safety and general welfare of the community.

B. These flood losses, hazards, and related adverse effects are caused by: (i) the occupancy of flood hazard areas by uses vulnerable to flood damages which create hazardous conditions as a result of being inadequately elevated or otherwise protected from flooding; and (ii) the cumulative effect of

obstructions on the floodplain causing increases in flood heights and velocities.

C. This chapter relies upon engineering methodology for analyzing flood hazards which is consistent with the standards established by the Department of Natural Resources.

3. Statement of Purpose. It is the purpose of this chapter to protect and preserve the rights, privileges, and property of the City and its residents and to preserve and improve the peace, safety, health, welfare, and comfort and convenience of its residents by minimizing those flood losses described in Paragraph 2(A) of this section with provisions designed to:

A. Reserve sufficient floodplain area for the conveyance of flood flows so that flood heights and velocities will not be increased substantially.

B. Restrict or prohibit uses which are dangerous to health, safety, or property in times of flood or which cause excessive increases in flood heights or velocities.

C. Require that uses vulnerable to floods, including public facilities which serve such uses, be protected against flood damage at the time of initial construction or substantial improvement.

D. Protect individuals from buying lands which may not be suited for intended purposes because of flood hazard.

E. Assure that eligibility is maintained for property owners in the community to purchase flood insurance through the National Flood Insurance Program.

160.03 GENERAL PROVISIONS.

1. Lands to Which Chapter Applies. The provisions of this chapter shall apply to all lands within the jurisdiction of the City which are located within the boundaries of the Floodplain (Overlay) District as established in this section.

2. Establishment of Official Floodplain Zoning Map. The Flood Insurance Rate Map (FIRM) for Jasper County and Incorporated Areas, City of Monroe, Panels 19099C0313D and 19099C0314D dated October 5, 2018, which were prepared as part of the Flood Insurance Study for Jasper County is hereby adopted by reference and declared to be the Official Floodplain Zoning Map. The Jasper County Flood Insurance Study is hereby adopted by reference and is made a part of this chapter for the purpose of administering floodplain management regulations.

3. Rules for Interpretation of Floodplain (Overlay) District. The boundaries of the Floodplain (Overlay) District areas shall be determined by scaling distances on the official Flood Insurance Rate Map. When an interpretation is needed as to the exact location of a boundary, the Mayor shall make the necessary interpretation. The Board of Adjustment shall hear and decide appeals when it is alleged that there is an error in any requirement, decision, or determination made by the Mayor in the enforcement or administration of this chapter.

4. Compliance. No structure or land shall hereafter be used, and no structure shall be located, extended, converted, or structurally altered without full compliance with the terms of this chapter and other applicable regulations which apply to uses within the jurisdiction of this chapter.

5. Abrogation and Greater Restrictions. It is not intended by this chapter to repeal, abrogate, or impair any existing easements, covenants, or deed restrictions. However, where this chapter imposes greater restrictions, the provisions of this chapter shall prevail. All other ordinances inconsistent with this chapter are hereby repealed to the extent of the inconsistency only.

6. Interpretation. In their interpretation and application, the provisions of this chapter shall be held to be minimum requirements and shall be liberally construed in favor of the governing body and shall not be deemed a limitation or repeal of any other powers granted by State statutes.

7. Warning and Disclaimer of Liability. The standards required by this chapter are considered reasonable for regulatory purposes. This chapter does not imply that areas outside the designated Floodplain (Overlay) District areas will be free from flooding or flood damages. This chapter shall not create liability on the part of the City or any officer or employee thereof for any flood damages that result from reliance on this chapter or any administrative decision lawfully made thereunder.

8. Severability. If any section, clause, provision, or portion of this chapter is adjudged unconstitutional or invalid by a court of competent jurisdiction, the remainder of this chapter shall not be affected thereby.

160.04 ADMINISTRATION.

1. Appointment, Duties and Responsibilities of Floodplain Administrator.

A. The Mayor is hereby appointed to implement and administer the provisions of this chapter and will herein be referred to as the Administrator.

B. Duties and responsibilities of the Administrator shall include, but not necessarily be limited to the following:

(1) Review all floodplain development permit applications to assure that the provisions of this chapter will be satisfied.

(2) Review floodplain development applications to assure that all necessary permits have been obtained from federal, State, and local governmental agencies including approval when required from the Department of Natural Resources for floodplain construction.

(3) Record and maintain a record of: (i) the elevation (in relation to North American Vertical Datum 1988 of the lowest floor (including basement) of all new or substantially improved structures; or (ii) the elevation to which new or substantially improved structures have been floodproofed.

(4) Notify adjacent communities/counties and the Department of Natural Resources prior to any proposed alteration or relocation of a watercourse and submit evidence of such notifications to the Federal Emergency Management Agency.

(5) Keep a record of all permits, appeals and such other transactions and correspondence pertaining to the administration of this chapter.

(6) Submit to the Federal Insurance Administration an annual report concerning the community's participation, utilizing the annual report form supplied by the Federal Insurance Administration.

(7) Notify the Federal Insurance Administration of any annexations or modifications to the community's boundaries.

(8) Review subdivision proposals to ensure such proposals are consistent with the purpose of this chapter and advise the Board of Adjustment of potential conflict.

(9) Maintain the accuracy of the community's Flood Insurance Rate Maps when:

a. Development placed within the Floodway (Overlay) District results in either of the following: (i) an increase in the base flood elevations; or (ii) alteration to the floodway boundary;

b. Development placed in Zones A, AE, AH, and A1-30 that does not include a designated floodway that will cause a rise of more than one foot in the base elevation; or

c. Development relocates or alters the channel.

Within six months of the completion of the development, the applicant shall submit to FEMA all scientific and technical data necessary for a Letter of Map Revision.

(10) Perform site inspections to ensure compliance with the standards of this chapter.

(11) Forward all requests for variances to the Board of Adjustment for consideration. Ensure all requests include the information ordinarily submitted with applications as well as any additional information deemed necessary to the Board of Adjustment.

2. Floodplain Development Permit.

A. Permit Required. A Floodplain Development Permit issued by the Administrator shall be secured prior to any floodplain development (any manmade change to improved and unimproved real estate, including but not limited to buildings or other structures, mining, filling, grading, paving, excavation, or drilling operations), including the placement of factory-built homes.

B. Application for Permit. Application shall be made on forms furnished by the Administrator and shall include the following:

(1) Description of the work to be covered by the permit for which application is to be made.

(2) Description of the land on which the proposed work is to be done (e.g., lot, block, track, street address or similar description) that will readily identify and locate the work to be done.

(3) Location and dimensions of all buildings and building additions.

- (4) Indication of the use or occupancy for which the proposed work is intended.
- (5) Elevation of the base flood.
- (6) Elevation (in relation to North American Vertical Datum 1988 of the lowest floor (including basement) of structures or of the level to which a structure is to be floodproofed.
- (7) For structures being improved or rebuilt, the estimated cost of improvements and market value of the structure prior to the improvements.
- (8) Such other information as the Administrator deems reasonably necessary (e.g., drawings or a site plan) for the purpose of this chapter.

C. Action on Permit Application. The Administrator shall, within a reasonable time, make a determination as to whether the proposed floodplain development meets the applicable standards of this chapter and shall approve or disapprove the application. For disapprovals, the applicant shall be informed, in writing, of the specific reasons therefor. The Administrator shall not issue permits for variances except as directed by the Board of Adjustment.

D. Construction and Use to Be as Provided in Application and Plans. Floodplain Development Permits based on the basis of approved plans and applications authorize only the use, arrangement, and construction set forth in such approved plans and applications and no other use, arrangement, or construction. Any use, arrangement, or construction at variance with that authorized shall be deemed a violation of this chapter. The applicant shall be required to submit certification by a professional engineer or land surveyor, as appropriate, registered in the State of Iowa, that the finished fill, structure floor elevations, flood proofing, or other flood protection measures were accomplished in compliance with the provisions of this chapter, prior to the use or occupancy of any structure.

160.05 STANDARDS FOR FLOODPLAIN (OVERLAY) DISTRICT. All uses must be consistent with the need to minimize flood damage and meet the following applicable performance standards. Where base flood elevations and floodway data have not been provided on the Flood Insurance Rate Map, the Iowa Department of Natural Resources shall be contacted to compute such data. The applicant will be responsible for providing the Department of Natural Resources with sufficient technical information to make such determination.

- 1. All Development. All development within the Floodplain (Overlay) District shall:
 - A. Be consistent with the need to minimize flood damage.
 - B. Use construction methods and practices that will minimize flood damage.
 - C. Use construction materials and utility equipment that are resistant to flood damage.

D. Obtain all other necessary permits from federal, State, and local governmental agencies including approval when required from the Iowa Department of Natural Resources.

2. Residential Structures. All new or substantially improved residential structures shall have the lowest floor, including basement, elevated a minimum of one foot above the base flood elevations. Construction shall be upon compacted fill which shall, at all points, be no lower than one foot above the base flood elevations and extend at such elevation at least 18 feet beyond the limits of any structure erected thereon. Alternate methods of elevating (such as piers or extended foundations) may be allowed subject to favorable consideration by the Board of Adjustment, where existing topography, street grades, or other factors preclude elevating by fill. In such cases, the methods used must be adequate to support the structure as well as withstand the various forces and hazards associated with flooding. All new residential structures located in areas that would become isolated due to flooding of surrounding ground shall be provided with a means of access that will be passable by wheeled vehicles during the base flood. However, this criterion shall not apply where the Administrator determines there is sufficient flood warning time for the protection of life and property. When estimating flood warning time, consideration shall be given to the criteria listed in 567-75.2(3), Iowa Administrative Code.

3. Nonresidential Structures. All new or substantially improved nonresidential structures shall have the lowest floor (including basement) elevated a minimum of one foot above the base flood elevation, or together with attendant utility and sanitary systems, be flood proofed to such a level. When flood proofing is utilized, a professional engineer registered in the State of Iowa shall certify that the flood proofing methods used are adequate to withstand the flood depths, pressures, velocities, impact and uplift forces and other factors associated with the base flood; and that the structure, below the base flood elevation is watertight with walls substantially impermeable to the passage of water. A record of the certification indicating the specific elevation (in relation to North American Vertical Datum 1988) to which any structures are floodproofed shall be maintained by the Administrator.

4. All New and Substantially Improved Structures.

A. Fully enclosed areas below the lowest floor (not including basements) that are subject to flooding shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of floodwaters. Designs for meeting this requirement must either be certified by a registered professional engineer or meet or exceed the following minimum criteria:

(1) A minimum of two openings having a total net area of not less than one square inch for every square foot of enclosed area subject to flooding shall be provided.

(2) The bottom of all openings shall be no higher than one foot above grade.

(3) Openings may be equipped with screens, louvers, valves, or other coverings or devices provided they permit the automatic entry and exit of floodwaters.

Such areas shall be used solely for parking of vehicles, building access and low damage potential storage.

- B. New and substantially improved structures must be designed (or modified) and adequately anchored to prevent flotation, collapse, or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy.
- C. New and substantially improved structures must be constructed with electrical, heating, ventilation, plumbing, and air conditioning equipment and other service facilities elevated or flood proofed to a minimum of one foot above the base flood elevation.
5. Factory-Built Homes.
- A. All new and substantially improved factory-built homes, including those placed in existing factory-built home parks or subdivisions, shall be elevated on a permanent foundation such that the lowest floor of the structure is a minimum of one foot above the base flood elevation.
- B. All new and substantially improved factory-built homes, including those placed in existing factory-built home parks or subdivisions, shall be anchored to resist flotation, collapse, or lateral movement. Methods of anchoring may include, but are not limited to, use of over-the-top or frame ties to ground anchors. Anchorage systems may include, but are not limited to, use of over-the-top or frame ties to ground anchors as required by the *State Building Code*.
6. Utility and Sanitary Systems.
- A. On-site waste disposal and water supply systems shall be located or designed to avoid impairment to the system or contamination from the system during flooding.
- B. All new and replacement sanitary sewage systems shall be designed to minimize or eliminate infiltration of flood waters into the system as well as the discharge of effluent into flood waters. Wastewater treatment facilities (other than on-site systems) shall be provided with a level of flood protection equal to or greater than one foot above the base flood elevation.
- C. New or replacement water supply systems shall be designed to minimize or eliminate infiltration of flood waters into the system. Water supply treatment facilities (other than on-site systems) shall be provided with a level of protection equal to or greater than one foot above the base flood elevation.
- D. Utilities such as gas or electrical systems shall be located and constructed to minimize or eliminate flood damage to the system and the risk associated with such flood damaged or impaired systems.
7. Storage of Materials and Equipment. Storage of equipment and materials that are flammable, explosive, or injurious to human, animal or plant life is prohibited unless elevated a minimum of one foot above the base flood elevation. Other material and equipment must either be similarly elevated or: (i) not subject to major flood damage and be anchored to prevent movement due to flood waters; or (ii) readily removable from the area within the time available after flood warning.
8. Flood Control Structures. Flood control structural works such as levees, flood walls, etc. shall provide, at a minimum, protection from the base flood with a minimum of three feet of design freeboard and shall provide for adequate interior

drainage. In addition, structural flood control works shall be approved by the Department of Natural Resources.

9. Watercourse Alterations. Watercourse alterations or relocations must be designed to maintain the flood carrying capacity within the altered or relocated portion. In addition, such alterations or relocations must be approved by the Department of Natural Resources.

10. Subdivisions. Subdivisions (including factory-built home parks and subdivisions) shall be consistent with the need to minimize flood damages and shall have adequate drainage provided to reduce exposure to flood damage. Development associated with subdivision proposals (including the installation of public utilities) shall meet the applicable performance standards of this chapter. Subdivision proposals intended for residential use shall provide all lots with a means of access which will be passable by wheeled vehicles during the base flood. Proposals for subdivisions greater than five acres or 50 lots (whichever is less) shall include base flood elevation data for those areas located within the Floodplain (Overlay) District.

11. Accessory Structures to Residential Uses. Detached garages, sheds, and similar structures that are incidental to a residential use are exempt from the base flood elevation requirements where the following criteria are satisfied.

A. The structure shall be designed to have low flood damage potential. Its size shall not exceed 600 square feet in size. Those portions of the structure located less than one foot above the BFE must be constructed of flood-resistant materials.

B. The structure shall be used solely for low flood damage potential purposes such as vehicle parking and limited storage. The structure shall not be used for human habitation.

C. The structure shall be constructed and placed on the building site so as to offer minimum resistance to the flow of floodwaters.

D. The structure shall be firmly anchored to resist flotation, collapse, and lateral movement.

E. The structure's service facilities such as electrical and heating equipment shall be elevated or floodproofed to at least one foot above the base flood elevation.

F. The structure's walls shall include openings that satisfy the provisions of Subsection 4(A) of this section.

Exemption from the base flood elevation requirements for such a structure may result in increased premium rates for flood insurance coverage of the structure and its contents.

12. Recreational Vehicles.

A. Recreational vehicles are exempt from the requirements of Subsection 5 of this section regarding anchoring and elevation of factory-built homes when the following criteria are satisfied.

(1) The recreational vehicle shall be located on the site for less than 180 consecutive days; and

(2) The recreational vehicle must be fully licensed and ready for highway use. A recreational vehicle is ready for highway use if it is on its wheels or jacking system and is attached to the site only by quick disconnect type utilities and security devices and has no permanently attached additions.

B. Recreational vehicles that are located on the site for more than 180 consecutive days or are not ready for highway use must satisfy requirements of Subsection 5 of this section regarding anchoring and elevation of factory-built homes.

13. Pipeline Crossings. Pipeline river and stream crossings shall be buried in the streambed and banks, or otherwise sufficiently protected to prevent rupture due to channel degradation and meandering.

14. Maximum Damage Potential Uses. All new or substantially improved maximum damage potential uses shall have the lowest floor (including basement) elevated a minimum of one foot above the elevation of the 500-year flood, or together with attendant utility and sanitary systems, be floodproofed to such a level. When flood proofing is utilized, a professional engineer registered in the State of Iowa shall certify that the flood proofing methods used are adequate to withstand the flood depths, pressures, velocities, impact and uplift forces and other factors associated with the base flood; and that the structure, below the base flood elevation is watertight with walls substantially impermeable to the passage of water. A record of the certification indicating the specific elevation (in relation to North American Vertical Datum 1988) to which any structures are flood proofed shall be maintained by the Administrator. Where 0.2% chance flood elevation data has not been provided in the Flood Insurance Study, the Iowa Department of Natural Resources shall be contacted to compute such data. The applicant will be responsible for providing the Department of Natural Resources with sufficient technical information to make such determinations.

160.06 ESTABLISHMENT OF VARIANCE PROCEDURES.

1. The Board of Adjustment may authorize upon request in specific cases such variances from the terms of this chapter that will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the provisions of this chapter will result in unnecessary hardship. Variances granted must meet the following applicable standards.

A. Variances shall only be granted upon: (i) a showing of good and sufficient cause; (ii) a determination that failure to grant the variance would result in exceptional hardship to the applicant; and (iii) a determination that the granting of the variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public or conflict with existing local codes or ordinances.

B. Variances shall only be granted upon a determination that the variance is the minimum necessary, considering the flood hazard, to afford relief.

C. In cases where the variance involves a lower level of flood protection for buildings than what is ordinarily required by this chapter, the applicant shall be notified in writing over the signature of the Administrator that: (i) the

issuance of a variance will result in increased premium rates for flood insurance up to amounts as high as \$25.00 for \$100.00 of insurance coverage; and (ii) such construction increases risks to life and property.

2. Factors upon Which the Decision of the Board of Adjustment Shall Be Based. In passing upon applications for variances, the Board shall consider all relevant factors specified in other sections of this chapter and:

- A. The danger to life and property due to increased flood heights or velocities caused by encroachments.
- B. The danger that materials may be swept on to other land or downstream to the injury of others.
- C. The proposed water supply and sanitation systems and the ability of these systems to prevent disease, contamination, and unsanitary conditions.
- D. The susceptibility of the proposed facility and its contents to flood damage and the effect of such damage on the individual owner.
- E. The importance of the services provided by the proposed facility to the City.
- F. The requirements of the facility for a floodplain location.
- G. The availability of alternative locations not subject to flooding for the proposed use.
- H. The compatibility of the proposed use with existing development and development anticipated in the foreseeable future.
- I. The relationship of the proposed use to the comprehensive plan and floodplain management program for the area.
- J. The safety of access to the property in times of flood for ordinary and emergency vehicles.
- K. The expected heights, velocity, duration, rate of rise and sediment transport of the flood water expected at the site.
- L. The cost of providing governmental services during and after flood conditions, including maintenance and repair of public utilities (sewer, gas, electrical and water systems), facilities, streets, and bridges.
- M. Such other factors which are relevant to the purpose of this chapter.

3. Conditions Attached to Variances. Upon consideration of the factors listed above, the Board of Adjustment may attach such conditions to the granting of variances as it deems necessary to further the purpose of this chapter. Such conditions may include, but not necessarily be limited to:

- A. Modification of waste disposal and water supply facilities.
- B. Limitation of periods of use and operation.
- C. Imposition of operational controls, sureties, and deed restrictions.
- D. Requirements for construction of channel modifications, dikes, levees, and other protective measures, provided such are approved by the Department of Natural Resources and are deemed the only practical alternative to achieving the purpose of this chapter.

E. Floodproofing measures.

160.07 NONCONFORMING USES.

1. A structure or the use of a structure or premises which was lawful before the passage or amendment of the ordinance codified in this chapter, but which is not in conformity with the provisions of this chapter, may be continued subject to the following conditions:

A. If such use is discontinued for six consecutive months, any future use of the building premises shall conform to this chapter.

B. Uses or adjuncts thereof that are or become nuisances shall not be entitled to continue as nonconforming uses.

2. If any nonconforming use or structure is destroyed by any means, including flood, it shall not be reconstructed if the cost is more than 50 percent of the market value of the structure before the damage occurred, unless it is reconstructed in conformity with the provisions of this chapter. This limitation does not include the cost of any alteration to comply with existing State or local health, sanitary, building, or safety codes or regulations or the cost of any alteration of a structure listed on the National Register of Historic Places, provided that the alteration shall not preclude its continued designation.

160.08 PENALTIES FOR VIOLATION. Violations of the provisions of this chapter or failure to comply with any of the requirements shall constitute a misdemeanor. Any person who violates this chapter or fails to comply with any of its requirements shall upon conviction thereof be fined not more than \$500.00 or imprisoned for not more than 30 days. Nothing herein contained shall prevent the City from taking such other lawful action as is necessary to prevent or remedy violation.

160.09 AMENDMENTS. The regulations and standards set forth in this chapter may from time to time be amended, supplemented, changed, or repealed. No amendment, supplement, change, or modification shall be undertaken without prior approval of the Department of Natural Resources.

APPENDIX TO CODE OF ORDINANCES

USE AND MAINTENANCE OF THE CODE OF ORDINANCES

The following information is provided to assist in the use and proper maintenance of this Code of Ordinances.

DISTRIBUTION OF COPIES

1. OFFICIAL COPY. The “OFFICIAL COPY” of the Code of Ordinances must be kept by the City Clerk and should be identified as the “OFFICIAL COPY.”

2. DISTRIBUTION. Other copies of the Code of Ordinances should be made available to all persons having a relatively frequent and continuing need to have access to ordinances which are in effect in the City as well as reference centers such as the City Library, County Law Library, and perhaps the schools.

3. SALE. The sale or distribution of copies in a general fashion is not recommended as experience indicates that indiscriminate distribution tends to result in outdated codes being used or misused.

4. RECORD OF DISTRIBUTION. The City Clerk should be responsible for maintaining an accurate and current record of persons having a copy of the Code of Ordinances. Each official, elected or appointed, should return to the City, upon leaving office, all documents, records and other materials pertaining to the office, including this Code of Ordinances.

(Code of Iowa, Sec. 372.13[4])

NUMBERING OF ORDINANCES AMENDING THE CODE OF ORDINANCES

It is recommended that a simple numerical sequence be used in assigning ordinance numbers to ordinances as they are passed. For example, if the ordinance adopting the Code of Ordinances is No. 163, we would suggest that the first ordinance passed changing, adding to, or deleting from the Code be assigned the number 164, the next ordinance be assigned the number 165, and so on. We advise against using the Code of Ordinances numbering system for the numbering of ordinances.

RETENTION OF AMENDING ORDINANCES

Please note that two books should be maintained: (1) the Code of Ordinances; and (2) an ordinance book. We will assist in the maintenance of the Code of Ordinances book, per the Supplement Agreement, by revising and returning appropriate pages for the Code of Ordinances book as required to accommodate ordinances amending the Code. The City Clerk is responsible for maintaining the ordinance book and must be sure that an original copy of each ordinance adopted, bearing the signatures of the Mayor and Clerk, is inserted in the ordinance book and preserved in a safe place.

SUPPLEMENT RECORD

A record of all supplements prepared for the Code of Ordinances is provided in the front of the Code. This record will indicate the number and date of the ordinances adopting the original Code and of each subsequently adopted ordinance which has been incorporated in the Code. For each supplemented ordinance, the Supplement Record will list the ordinance number, date, topic, and chapter or section number of the Code affected by the amending ordinance. A periodic review of the Supplement Record and ordinances passed will assure that all ordinances amending the Code have been incorporated therein.

DISTRIBUTION OF SUPPLEMENTS

Supplements containing revised pages for insertion in each Code will be sent to the Clerk. It is the responsibility of the Clerk to see that each person having a Code of Ordinances receives each supplement so that each Code may be properly updated to reflect action of the Council in amending the Code.

AMENDING THE CODE OF ORDINANCES

The Code of Ordinances contains most of the laws of the City as of the date of its adoption and is continually subject to amendment to reflect changing policies of the Council, mandates of the State, or decisions of the Courts. Amendments to the Code of Ordinances can only be accomplished by the adoption of an ordinance.

(Code of Iowa, Sec. 380.2)

The following forms of ordinances are recommended for making amendments to the Code of Ordinances:
