

SBA representatives will be on-site beginning at 9:00 A.M. to meet with residents, businesses, and nonprofit organizations affected by the July flooding. Those who have already submitted an SBA application are also welcome to attend and ask questions about their application or available assistance.

For those who cannot attend in person, we are also offering Zoom options so they can listen to the presentation and ask SBA representatives questions directly.

Morning Session:

<https://zoom.us/j/97759716957>

Afternoon Session:

<https://zoom.us/j/96097021785>

Please share this information widely through your social media pages, websites, email lists, community groups, and directly with anyone you know who was impacted by the July flooding.

One thing we want to make especially clear is that SBA disaster assistance is not just for businesses. Homeowners and renters may also be eligible for assistance related to disaster-damaged homes and personal property.

The in-person sessions will be held at:

Jasper County Emergency Management Agency
1030 W 2nd St S
Newton, IA 50208

SBA representatives will remain onsite until 6:00 P.M., with the final information session beginning at 4:00 P.M.
